## Introduction

---

In presenting the Connecticut Automobile Register to the Motoring Public of the State of Connecticut, the Publishers have endeavored to issue a book that will be of great value not only as a list of owners, but as a useful directory of Hotels and Garages as well as good reputable places where tourists may stop for refreshments while passing through the state.

The Register has been compiled as carefully as possible, giving more information than has ever been printed in any previous edition.

Owing to the length of time necessary to print 30,000 copies, it has been impossible to make it complete to the date of delivery, but a later list will be found in each book made up to the latest possible moment.

It is the intention of the Publishers to issue this Register every three months, thus keeping the public well informed as to owners of cars at as short intervals as possible, considering the amount of work involved in the compilation.

The success of all future editions depends upon the advertisers who have made use of the Register to present their goods to your notice.

*The Publishers would appreciate it, if motorists would mention the fact of having seen the advertisement when writing or making purchases of our patrons.*

# An Act Concerning the Registration, Numbering, Use and Speed of Motor Vehicles and the Licensing of Oper- ators of such Vehicles

Be it enacted by the Senate and House of Representatives in General Assembly  
Convened

Section 1. Terms used in this act shall be construed as follows, unless other meaning is clearly apparent from the language or context, or unless such construction is inconsistent with the manifest intention of the legislature: "Commercial motor vehicles" shall include all vehicles designed or used solely for the transportation of merchandise or freight which are either propelled or drawn by any power other than muscular, except such as are run only on rails or tracks, and all motor vehicles designed and used as omnibuses for the transportation of passengers on the payment of individual fares. "Dealer" shall include every person who is actively engaged in the business of buying, selling, or exchanging motor vehicles and who has an established place of business. "Intersecting highway" shall mean any highway which joins another at an angle, whether or not it crosses the other. "Motor cycle" shall mean a motor vehicle having but two wheels in contact with the ground. "Motor vehicle" shall include all vehicles propelled by any power other than muscular, except road rollers, street sprinklers, fire engines and fire department apparatus, police patrol wagons, ambulances, and such vehicles as run only upon rails or tracks. "Nonresident" shall apply to any resident of another state or country who has no regular place of abode or business in this state for a longer period than one month in the calendar year. "Number plate" shall mean the sign or marker furnished by the secretary on which is displayed the register number assigned to such motor vehicle by said secretary. "Operator" shall mean any person who operates a motor vehicle. "Person" shall include any corporation, association, copartnership, company, firm, or other aggregation of individuals which owns or controls any motor vehicle, owner, or for the purpose of sale, or for renting as agent, salesman, or otherwise, "police officer" or "officer" shall include any constable or other official authorized to make arrests as to serve process, provided he is in uniform or displays his badge of office on the front of his outside garment in a conspicuous place. "Register number" shall apply to the number or mark assigned by said secretary to a motor vehicle, whether or not such number or mark includes a letter or letters. "Secretary" shall include the secretary of the state and the deputy or acting deputy Secretary of the state.

Section 2. Every owner of one or more motor vehicles shall file annually in the office of the secretary, on a blank furnished by said secretary: (a) a statement of his name, residence, and postoffice address; (b) a description of each motor vehicle owned or controlled by him, including the name of the maker, the number, if any, affixed by the maker; in the case of a commercial motor vehicle the carrying capacity advertised for such vehicle by the maker thereof; the character of the motor power; the amount of such motor power stated in figures of horse power, such horse power, in the case of internal combustion engines, to be determined in accordance with the formula adopted by the Association of Licensed Automobile Manufacturers, and in the case of steam and electric motor vehicles the amount of such horse power to be taken as advertised by the maker thereof; and for such motor vehicles as have two ratings of horse power the registration to be based upon the higher rating; (c) such other information as shall be required by said secretary. Said secretary shall register such motor vehicle, if such owner is, under the provisions of this act, a proper person to receive a certificate of registration, shall assign to such motor vehicle a distinguishing number or mark, and shall thereupon issue to the owner thereof a certificate of registration which shall contain the name, place of residence, and postoffice address of the owner, and the number or mark assigned to such motor vehicle, and shall be in such form and contain such further information as said secretary may determine; and such certificate shall at all times be carried upon such motor vehicle and shall be subject to examination upon demand by any police officer. An applicant for the registration of a motor vehicle who does not file his application therefor until after the last day of March in any year shall be entitled to a pro rata reduction in the fee for such registration calculated to the first day of the month in which application is made. Upon the transfer of ownership of any vehicle its registration shall expire and the person in whose name such vehicle is registered, shall return, forthwith, the certificate of registration to the secretary, with a written notice containing the date of such transfer of ownership, and the name, place of residence, and postoffice address of the owner. A person who transfers to another the ownership of a registered motor vehicle owned by him, upon the filing of a new application and upon the payment of the proper fee, may have registered in his name another motor vehicle for the remainder of the calendar year, provided the horse power of such other motor vehicle is the same or less than that of the motor vehicle registered by him, the certificate of which has been surrendered; but if the horse power of such other motor vehicle is greater than that of the motor vehicle the certificate of which has been surrendered, the applicant shall, in addition to such fee the difference between the fee paid by him for the surrender,

certificate and the fee for the registration of the motor vehicle of the greater horse power. The certificates provided for in this section and in section three shall continue in force until midnight on the thirty-first day of December of the year in which issued.

Section 3. Every dealer in or manufacturer of motor vehicles may instead of registering each motor vehicle owned by him, make application to said secretary for a general distinguishing number or mark, and the secretary may, if satisfied as to the facts stated in such application, issue to the applicant a certificate of registration containing the name, place of residence, and the business address of the applicant, and the general distinguishing number or mark assigned to him and made in such form and containing such further information as said secretary may determine, and every motor vehicle owned by such manufacturer which is used for the purpose of testing or demonstrating, and every motor vehicle owned by a dealer, shall be regarded as registered under, and have assigned to it, such distinguishing number or mark. Manufacturers and dealers shall not be required to carry such certificates upon the vehicles registered under the provisions of this section. Every dealer in motor vehicles shall, at the time of making his application, file with the secretary a certificate of his appointment as dealer or sub-dealer by the manufacturer represented by him, and he shall, semi-annually on the first day of January and July, file with the secretary a statement, under oath, of the number of motor vehicles transferred to him and by him since the last preceding statement; and every dealer in motor cycles shall, annually, on the first day of January, file a similar statement of transfers made to and by him. No manufacturer or dealer shall use any motor vehicle registered under the provisions of this section for any other purpose than the trial and adjustment of such motor vehicle or for its demonstration to a prospective buyer. All records of the motor vehicle department of the secretary's office shall be open to public inspection at any time during office hours.

Section 4. Every motor vehicle shall, at all times while in use or operation upon the public highways of this state, have displayed, in a conspicuous place, at the front and rear, the register number plates or markers furnished by the secretary. Such plates shall be of a distinctly different color each year and shall be in such form as said secretary may determine, shall bear the numerals of the year of issue and the abbreviation Conn.; the numerals of the register number thereon, except on motor cycle number-plates, shall be not less than four inches high, and each stroke not less than one-half of an inch wide, and each digit thereof shall occupy a space not less than two and three-quarters inches in width. The numerals of the register number on motor cycle plates shall be two and one-half inches high, each stroke three eighths of an inch wide, and each digit shall occupy a space not less than two inches in width. Said secretary shall furnish, annually, without charge, one pair of number plates for each individually registered motor vehicle, and six pairs for each registered manufacturer or dealer, upon application therefor. Such number plates, upon such motor vehicles, shall at all times be entirely unobscured, and the register number and letters thereon shall, at all times, be plainly legible. Said number plates shall be horizontal, and shall be so fastened as not to swing; the lower edges thereof shall be at least eighteen inches from the ground, and, during the times when a motor vehicle is required to be legible at a distance of the rear register number shall be so illuminated as to be legible at a distance of fifty feet. Not more than one set of number plates shall be displayed on any motor vehicle in operation upon the public highways of this state. If any number plate supplied by the secretary is lost, or if the register number thereon becomes illegible, the owner or person in control of the motor vehicle for which such number plate was furnished shall immediately place a temporary number plate, bearing his register number, upon such motor vehicle, provided such temporary number plate and register number thereon, shall conform to the regular number plate, and be displayed as nearly as possible as herein provided for such regular number plate; and such person shall, within twenty-four hours after such loss or mutilation of his number plate, give notice thereof to the secretary and apply for a new number plate, and thereupon said secretary shall supply a new number plate upon the payment of the fee therefor, as hereinafter provided. In the event that said secretary is unable to furnish immediately to any person, entitled thereto any plate or marker provided for by this section, he may issue a certificate to such person stating that such marker has been ordered and giving the number thereof.

Section 5. No person shall operate a motor vehicle upon the public highways of this state until he shall have obtained from the secretary a license for such purpose, but no such license shall be issued until said secretary is satisfied that the applicant is over eighteen years of age and is a proper person to receive it. If any applicant for such license possesses any physical defect, which might affect the operation by him of a motor vehicle, the secretary may require such applicant to show cause why a license should be granted him, and may require such applicant to demonstrate personally that, notwithstanding such defect, he is a proper person to operate a motor vehicle, and if the secretary be satisfied of the ability of such applicant, he may issue to him a license, containing such limitations as to the vehicle to be operated thereunder as the secretary shall deem advisable. Nothing herein contained shall prevent the operating of a motor vehicle by an unlicensed person sixteen years of age or more, other than a person whose application has been denied or whose license has been suspended or revoked, if accompanied by a licensed operator, which licensed operator shall be personally liable for a violation of any provision of this act. Applications for licenses shall be made upon blanks furnished by said secretary, and such application blanks shall be in such form and contain such provisions, as said secretary may determine. A number shall be assigned to each license, and a proper record of all applications for licenses and of each license, shall be kept by said secretary in his office, and shall be open to public inspection. Each license shall state the name, place of residence, and postoffice address of the licensee and the number assigned to him and such other matter as said secretary may determine. Every person licensed to operate motor vehicles as aforesaid shall,

upon receipt of a license, endorse his signature on the back thereof, in a space provided for the purpose, and such license shall not be valid until so endorsed. Such licenses shall expire at midnight on the last day of February in each year. Such license shall be carried by the licensee when operating a motor vehicle upon any highway of this state, and shall be subject to examination upon demand by any proper officer.

Section 6. Any certificate or license issued to any operator by said secretary upon an application or statement which is untrue as to any material fact shall be void from the date of its issuance.

Section 7. Every motor vehicle of more than ten horse power, while in use upon the public highways of this state, shall be provided with at least two brakes, powerful in action and separated from each other of which one brake shall act directly on the driving wheels or on parts of the mechanism which are rigidly connected with said wheels. One of such brakes shall be so arranged as to be operated with the feet. On any motor vehicle not exceeding ten horse power one brake shall be sufficient. Every motor cycle shall be provided with at least one brake, which brake may be operated by hand. Every motor vehicle so operated shall be provided with a suitable bell, horn, or other signaling device, which shall produce a sound sufficiently loud to serve as an adequate warning of danger, but no person operating any motor vehicle shall make or cause to be made any unnecessary noise with such bell, horn, or signaling device, or use the same except as a warning of danger. Every motor vehicle, except a motor cycle, shall, during the period from one-half hour after sunset to one-half hour before sunrise, display at least two white lights on the forward vehicle and one white light on a motor cycle so operated shall be provided with at least one white light, which light or lights shall be visible not less than two hundred feet in the direction in which such vehicle is proceeding. Every motor vehicle so operated shall have a rear light so placed as to show a red light from behind and a white light so arranged as to illuminate the rear number plate in accordance with the provisions of section four. No motor vehicle shall be operated upon the public highways of this state between the hours of nine p. m. and seven a. m. unless the engine of such vehicle shall be muffled, nor shall such vehicle be operated upon the public highways of this state between the hours of seven a. m. and nine p. m. unless the engine of such vehicle shall be reasonably muffled so that the explosions of such motor while so operated shall not constitute a nuisance to the public. No motor cycle shall be operated with its muffler open. No person shall use on any vehicle upon the public highways of this state, except upon fire apparatus or upon an ambulance, any siren horn.

Section 8. The secretary shall determine the actual carrying capacity of each commercial motor vehicle, regardless of the horse power thereof, and shall collect fees for registration based on such capacity, as follows: Capacity of one thousand pounds or less, eleven dollars; one ton, fifteen dollars; one and one-half tons, twenty dollars; two tons, twenty-five dollars; two and one-half tons, thirty dollars; three tons, thirty-five dollars; three and one-half tons, forty-five dollars; four tons, fifty-five dollars; four and one-half tons, sixty-five dollars; five tons, seventy-five dollars; five and one-half tons, eighty-seven and one-half dollars; six tons, one hundred dollars; six and one-half tons, one hundred and twelve and one-half dollars; seven tons, one hundred and twenty-five dollars; seven and one-half tons, one hundred and fifty dollars; eight tons, one hundred and seventy-five dollars; nine tons, two hundred dollars; ten tons, two hundred and twenty-five dollars; for each additional ton above ten tons, fifty dollars; and in the determination of the fees to be collected, if the capacity of any commercial motor vehicle is found to be between any two of the above ratings, the registration shall be based on the higher rating. For all other motor vehicles the secretary shall collect fees as follows: For the registration of every motor cycle two dollars; for the registration of all motor vehicles owned by a dealer in motor vehicles, fifty dollars; for the registration of all motor cycles owned by a dealer in motor cycles, ten dollars; for the registration of every other motor vehicle, fifty cents per horse power, such horse power to be determined according to the provisions of section two of this act; for the substitution of the registration of a motor vehicle, except a motor cycle, previously registered in accordance with the provisions of section two of this act, one dollar; for the substitution of the registration of a motor cycle, fifty cents; for each motor vehicle engine owned by a manufacturer of motor vehicles and tested or operated on the highways of this state, one dollar; but every manufacturer shall deposit with the secretary upon making application for registration as a manufacturer and in January of each year thereafter, twenty-five dollars, which sum shall be a minimum fee for every manufacturer so testing or operating less than twenty-five motor vehicle engines during the year, as shown by his annual statement, and shall be applied to the total amount required to be paid by such manufacturer so testing or operating more than twenty-five motor vehicle engines during the year, as shown by his annual statement, and every such manufacturer shall, on or before December thirty-first in each year, make a written report, under oath, to the secretary, of the number of engines so tested or operated during the year last preceding; for each operator's license to operate motor vehicles, two dollars; for every additional copy of a certificate of registration or license, fifty cents; for every set of number plates furnished in addition to those allowed by section two of this act, one dollar; provided the secretary shall furnish, without charge, copies of certificates and licenses and other documents relating thereto to officers of this state, or of any court thereof, or of any city, town, or borough therein, or to any official of any other state. No fees shall be collected for any motor vehicle owned by a municipality and used exclusively in the conduct of municipal business. The minimum annual fee for any motor vehicle, except a motor cycle, shall be five dollars; and the minimum fee for any pro rata registration for any motor vehicle shall be one dollar. The secretary may register a motor cycle with a side car attachment as a motor vehicle if such motor cycle may carry number plates as designated by the secretary, and such registration shall cover its use with or without such side car.

Section 9. (a) The secretary may suspend or revoke any certificate of registration or any license issued to any person under the provisions of this act, with or without a hearing, for any cause which he may deem sufficient, and may order such certificate or license to be delivered to him whenever he has reason to believe that the holder thereof is an improper or incompetent person to operate motor vehicles, or is operating improperly or so as to endanger the public; and either the license nor the certificate of registration shall be reissued unless, upon investigation, said secretary determines that the operator may again be legally permitted to operate. (b) Upon a subsequent conviction of any person for an offense involving a violation of section eleven of this act or of operating a motor vehicle while under the influence of intoxicating liquor or drugs, or upon a wager, or in a race, or of going away without stopping and giving his name and address after causing injury to any person or property, the secretary shall immediately revoke the license of the person so convicted, and if any person convicted of any such offense a second time by a trial court shall appeal from the decision of such trial court, said secretary shall suspend, forthwith, the license of the person so convicted and appealing, and shall order the license delivered to him, and shall not reissue the same unless such person is acquitted upon such appeal, or unless the secretary shall decide that such license should be reissued. If the operator so convicted a second time is the owner of a motor vehicle, or the bailee or employee of the owner, and was the bailee of, and was employed by such owner when the first conviction was had, said secretary shall revoke the certificate of registration of such owner, or of the bailor or employer of the operator, so convicted. (c) Whenever any license or certificate shall have been revoked under the provisions of this act, no new license or certificate shall be issued by said secretary to such person until after thirty days from the date of such revocation, nor thereafter except in the discretion of said secretary; and no motor vehicle, the registration of which has been so suspended or revoked, shall be registered in the name of the person until at least thirty days from the date of suspension or revocation unless said secretary shall determine otherwise. (d) Whenever the death of any person results from any accident in which a motor vehicle is concerned, said secretary shall forthwith suspend the license of the operator of the motor vehicle involved in such accident and shall order the license to be delivered to him, and shall revoke the same, unless, upon investigation, he determines that the accident occurred without serious fault of such operator. No operator whose license is so revoked shall be licensed again within one year after the date of the revocation, nor thereafter in the discretion of said secretary. (e) Notice of the revocation or suspension of any license or certificate of registration shall be transmitted forthwith by said secretary to the chief of police of the city or prosecuting officers of the borough or town in which the person whose license or certificate of registration so revoked or suspended resides. Said secretary shall revoke, upon due notice and hearing, the certificates and licenses of any person who shall loan or rent to any person, or who shall permit any other person to use any license, certificate, or number plate for use in or upon any motor vehicle other than the one for which it was issued by said secretary; (g) the license of any manufacturer or dealer who shall permit any person to use in or upon any motor vehicle not owned by said manufacturer or dealer, any license, certificate, or number plate issued to such manufacturer or dealer by said secretary, or of any manufacturer or dealer who shall rent for hire any motor vehicle operating under such manufacturer's or dealer's registration; (h) the license of any person who loans license. No new license or certificate shall be issued to any such person whose license or certificate has been revoked under subsection (f), (g), or (h) of this section, until after six months from the date of such revocation. In the administration of the laws and regulations relating to motor vehicles and to their operators, the secretary may summon witnesses in behalf of the state and may administer oaths and take testimony, and may also cause depositions to be taken and may order, when necessary for the carrying out of such provisions or of any of the powers granted him hereby, the production of books, papers, and documents. Any person who swears or affirms falsely in regard to any matter respecting which an oath or affirmation is required by said secretary, or by this act, shall be deemed guilty of perjury. All hearings by the secretary on the revocation or suspension of a license or registration, based on an alleged violation of the motor vehicle laws of the state, may be held in the county in which such violation is alleged to have occurred. The secretary, in any case by agreement of all parties interested, may hold such hearings in any county of the state. The secretary may use any court room in the state, when the same is not in use by the court, for the purpose of holding hearings and may require the attendance of a sheriff or deputy sheriff to preserve order and perform all proper duties. The fees of the sheriff or deputy sheriff shall be taxed as a part of the costs in the case. The fees for attendance and travel of witnesses shall be the same as for witnesses before the superior court, and shall be paid by the state treasurer, on the day of attendance, upon the certificate of said secretary, which shall be filed with the comptroller. The superior court shall have jurisdiction in equity, upon application of said secretary, to enforce all lawful orders of the secretary under this section.

Section 10. Any nonresident of this state who has complied with the laws of the state within which he resides, relating to motor vehicles and the operation thereof, may use the highways of this state without complying with the provisions of the act relating to the registration of motor vehicles and the licensing of operators, provided such nonresident shall cause to be displayed on his motor vehicle, upon two plates substantially as required by section four of this act, the distinguishing number or mark of the state within which he resides, and provided, if any nonresident be convicted of violating any provision of section eleven, twelve, or eighteen hereof, he shall, for the remainder of the calendar year, be required to comply with the provisions of this act.

Section 11. No person shall operate a motor vehicle on the public highways of this state recklessly or at a rate of speed greater than is reasonable and proper, hav-

ing regard to the width, traffic, and use of the highway, or so as to endanger the property or the life or limb of any person.

Section 12. Upon approaching any person walking or riding in the traveled portion of any highway, or a horse or any draft animal being led, ridden, or driven therein, and in passing such person or such horse or other draft animal, the person operating a motor vehicle shall have the same under control, and shall reduce its speed when reasonable care requires. If such horse or other draft animal being so led, ridden, or driven, shall appear to be frightened, and if the person in charge thereof shall signal so to do, the person operating such motor vehicle shall bring the same immediately to a stop, and if traveling in the opposite direction, shall remain stationary so long as may be reasonable to allow such horse or other draft animal to pass, or if traveling in the same direction, shall use reasonable caution in thereafter passing such horse or other animal. Upon approaching an intersecting highway, a curve, or a corner of a highway, or any schoolhouse when children are going to or returning from school, every person operating a motor vehicle shall slow down and give a timely signal with his bell or horn when reasonable care requires, and shall keep to the right of the intersection of the center of both highways when turning to the right, and pass to the right of the intersection of the centers of such highways before turning to the left. The selectmen shall post suitable signs on the highway in either direction at a distance not to exceed five hundred feet from the school houses in their respective towns. Upon approaching any street railway car that has stopped to receive or discharge passengers, the person operating a motor vehicle shall, before passing such car on the side on which passengers are ordinarily received and discharged, bring such motor vehicle to a full stop not less than ten feet from the rear of such car, and may then proceed at a reasonable rate of speed, provided when any street railway car is standing at the end of any trolley line, on a switch, or for any purpose other than to receive and let off passengers, a motor vehicle may pass the same without stopping at a rate of speed not to endanger the life or limb of any person.

Section 13. If the rate of speed of a motor vehicle operated on a public highway of this state exceeds twenty-five miles an hour for a distance of one-quarter of a mile, such rate of speed shall be prima facie evidence that the person operating such motor vehicle is operating the same at a greater rate of speed than is reasonable, and in violation of the provisions of section eleven of this act. If, except within the limits of an incorporated city, the rate of speed of a motor vehicle operated on the public highways of this state, where the operator's view of the road and traffic is obstructed, when approaching a crossing or intersecting public highway, or when traversing a bridge, or a sharp turn, or a steep descent, or a curve in the highway, exceeds ten miles an hour, such rate of speed shall be prima facie evidence that the person operating such motor vehicle is operating the same at a rate of speed greater than is reasonable, and in violation of the provisions of section eleven of this act. If the rate of speed of a motor vehicle operated upon the public highways of this state in passing any street railway car that is stationary on the same side of the car on which passengers are ordinarily received and discharged, exceeds three miles an hour, such rate of speed shall be prima facie evidence that the person operating such motor vehicle is operating the same at a rate of speed greater than is reasonable, and in violation of the provisions of section eleven of this act.

Section 14. No person shall operate or use any motor vehicle upon the highways of this state without the permission of the owner.

Section 15. No person shall interfere or tamper with a motor vehicle without the permission of the owner.

Section 16. No city, town, or borough, nor any board or officer thereof, shall make any ordinance, by-law, or resolution respecting the speed of motor vehicles, or respecting the regulation, use, lighting, or other equipment of the same or respecting the use of any equipments or accessories upon motor vehicles, provided authority given to any town, city, or borough, or to any board or officer thereof, to regulate shows, processions, assemblages, traffic, or parades in streets and public places, and to regulate the use of public parks, and all ordinances, by-laws, or regulations enacted in pursuance of such authority which apply to all vehicles shall remain in force.

Section 17. Any person operating a motor vehicle upon the public highways of this state who violates any provision of section two, three, four, five, seven, eight, eleven, twelve, fifteen, or twenty-five of this act shall be fined not more than one hundred dollars, or imprisoned not more than ten days, or both, for a first offense, and shall be fined not more than five hundred dollars, or imprisoned not more than six months, or both, for any subsequent offense. Any person operating a motor vehicle upon the highways of this state while under the influence of intoxicating liquor or drugs, or upon a wager, or in a race, or who operates a motor vehicle for the purpose of making a record and thereby violates the provisions of section eleven of this act, or who fails to stop and make himself known having knowledge or having caused injury to person or property, or who shall, in his application to the secretary for a license or certificate for a motor vehicle or for a license as a motor vehicle operator, make any material false statement, shall be fined not more than two hundred dollars, or imprisoned not more than six months, or both, for a first offense, and shall be fined not more than five hundred dollars, or imprisoned not more than one year, or both, for any subsequent offense, except that the penalty imposed upon any subsequent conviction of operating a car while intoxicated or under the influence of drugs shall be as hereinafter provided. Any person convicted of a violation of any provision of section fourteen of this act, or convicted a subsequent time of operating a motor vehicle while under the influence of intoxicating liquor or drugs, shall be imprisoned not less than six months and not more than two years.

Section 18. Any person who, while operating or in charge of a motor vehicle, shall refuse when requested by an officer, to give his name and address or the name and address of the owner of such motor vehicle, or who shall give a false name or address; or who shall fail to stop when signaled to stop by an officer, who refuses, on demand of such officer, to produce his license to operate such vehicle or his certificate of registration, or to permit such officer to take the license or certificate in hand and for the purpose of examination, or who refuses, on demand of such officer, to sign his name in the presence of such officer, and any person who, on demand of an officer acting under instructions from the secretary, refuses without a reasonable excuse, to surrender his license to operate motor vehicles, or the certificate or registration of any motor vehicle operated or owned by him, or the number plates furnished by the secretary for such motor vehicle, or who refuses or neglects to produce his license when requested by a court or trial justice, shall be fined not more than one hundred dollars, or imprisoned not more than ten days, or both. Any person violating any provision of this act for which no specific penalty is provided shall be fined not more than one hundred dollars, or imprisoned not more than thirty days, or both.

Section 19. No recovery shall be had in the courts of this state, by the owner or operator, or any passenger of a motor vehicle which has not been legally registered in accordance with section two or three of this act, for injury to person or property received by reason of the operation of such motor vehicle upon the public highways of this state, unless such motor vehicle is the property of a nonresident and is within the provisions of section ten of this act; nor shall such recovery be had if the motor vehicle was not registered but is being operated by an unlicensed person in violation of the provisions of section five of this act.

Section 20. In all complaints for the violation of any provision of this act the justice of the peace before whom the same may be tried shall have authority to render judgment and issue process of execution and writs thereon when such fine or penalty imposed shall not exceed one hundred dollars, or imprisonment for ten days, or both, but the defendant shall have the right of appeal as in other cases. The justice of the peace or court before whom a final conviction shall be had under the provisions of this act shall endorse upon the license of the person convicted the dates and particulars of such conviction.

Section 21. Any person arrested for violating any provision of this act may tender as bail a motor vehicle of which he is owner, and if such vehicle is of sufficient value he shall be accepted as security for his appearance, in lieu of other bail. Any person licensed under the provisions of this act who is arrested by an officer for violation of any of its provisions, except those relating to driving while intoxicated or under the influence of drugs, or to using a motor vehicle without the permission of the owner, shall, unless such violation involves the death or serious injury of another person, upon showing proper certificate for the motor vehicle which he was driving at the time of such violation and his own license as an operator, be allowed to go, by such officer, on his own recognizance, provided, if any person so arrested shall fail to appear for trial at the proper time and place, when summoned by a notice sent by registered mail, at least five days before the day of such trial to the address disclosed in such license, such certificate or license, and all others which he may hold, shall be immediately revoked by said secretary, and no new license or certificate shall be issued to him within three months from the date of such revocation, nor shall any certificate be granted to any other person, within thirty day after such revocation, for any of the motor vehicles the certificates of which shall be thus revoked. The provisions of this section shall be extended to all nonresident operators of motor vehicles residing in a state the proper authorities of which shall agree with said secretary to revoke for a period of at least sixty days, the certificates and licenses of any owner or operator of a motor vehicle who shall fail to appear for trial when summoned as hereinbefore provided.

Section 22. A record shall be kept by every court or justice of the peace of all cases in which any person is convicted of an offense involving a violation of any provision of this act or in which any person arrested for such violation shall forfeit his bail, or have his case nolleed by payment of any sum other than costs, and a certified abstract of such record of the expense of which shall be taxed at two dollars in the costs of the case, payable to the clerk of the court or the justice of the peace reporting such conviction, with a statement of the number of the operator's license issued to the person so convicted or so forfeiting his bail, shall, within two days after the date of such conviction or forfeiture, be transmitted to the secretary by such clerk of the court or justice of the peace. Such courts and justices of the peace shall furnish to said secretary the details of all cases heard before them, and shall make such recommendation to said secretary as to the suspension or revocation of the licenses of the parties defendant as they deem proper.

Section 23. Appeals from the decision of the secretary made under the provisions of this act may be taken to the superior court within the county wherein the appellant resides, and appeals by any person residing outside of this state shall be taken to the superior court within Hartford county. The provisions of section 255 of the general statutes concerning appeals from decisions of county commissioners shall, so far as the same are applicable, govern appeals from decisions of said secretary.

Section 24. The secretary, the selectmen of any town, or the prosecuting officer of any city or borough court may call upon the state police department for aid in enforcing the provisions of this act.

Section 25. Every person who conducts a public garage shall keep a book upon which shall be registered the name of the maker and the register number of every transient motor vehicle left or stored in such garage, with the name of the operator of such motor vehicle and the number of such operator's license, unless such

operator declares himself to be the owner of such vehicle, in which case no registration shall be required; and the operator of such motor vehicle shall, unless he declares himself to be the owner thereof enter on such book the time when such motor vehicle entered such garage and the time when he removes the same therefrom, and shall sign his name to such entry.

Section 26. All fines collected for violation of any provision of this act and all forfeitures and fees other than table costs shall be paid over to the secretary by the clerk of the court or by the justice of the peace imposing the same, and all fees imposed by this act and collected by said secretary, with all fines received by him as aforesaid, shall be by him paid monthly into the treasury of the state, and such money shall be expended under the direction of the highway commissioner for the maintenance of state highways, without specific appropriation by the general assembly, in addition to sums appropriated by the general assembly for such purpose; and in the expenditure upon the highways of the moneys so received, the provisions of section three of chapter 264 of the public acts of 1907 as amended by chapter 135 of the public acts of 1909 with regard to reimbursement by the towns shall not be applicable.

Section 27. Chapter 85 of the public acts of 1911 as amended by chapter 135 of the public acts of 1913 is hereby repealed.

Section 28. This act shall take effect June 1, 1915.

## THE ADVERTISERS' ADVANTAGE

The advertisers who use the Connecticut Motor Vehicle Register are thoroughly reliable and representative, owing to the fact that this is a State publication, and only those who are reliable are admitted to these columns.

Advertisements in this Register are read by thousands throughout the State, and considerable confidence is placed in them; owing to the above conditions.

The advertisers are commended to the 30,000 motorists in Conn., because we feel certain that the care attending the acceptance of all our advertisements results in offering this vast army of automobile owners of Conn. only dependable articles guaranteed by responsible firms.

## An Act Concerning the Use of Vehicles Upon Public Highways

Be It enacted by the Senate and House of Representatives in General Assembly Convened:

Section 1. The term "vehicle" when used in this act shall apply to all vehicles except those which are designed to be propelled by hand, and shall include bicycles, tricycles, motor vehicles, motor cycles, and all vehicles drawn by horses or other animals but shall not include such vehicles as are run only upon rails or tracks.

Section 2. Every person walking in the traveled portion of a public highway, or riding, driving, or leading a horse or other animal therein, or driving or operating a vehicle therein, when meeting another person walking, or riding, driving, or leading a horse or other animal, or driving or operating a vehicle, shall slacken his pace, if necessary, and seasonably turn to the right so as to give half of the traveled road, if practicable, and a fair and equal opportunity to pass, to the other, or, if both are moving in the same direction, the person overtaken, shall pass on left side of the person overtaking, and the person overtaken shall turn to the right so as to give half of the traveled road free passage on the left to the other. The person or vehicle thus overtaking another, and passing to the left of one overtaken, shall do so subject to the right of way of those traveling in an opposite direction from his own and meeting him at the point where he is to pass the person or vehicle overtaken. Every person or vehicle shall, at the intersection of public highways, keep to the right of the intersection of the centers of such highways, when turning to the right, and pass to the right of such intersection when turning to the left.

Section 3. Every vehicle, whether stationary or in motion, on any public highway or bridge, shall have attached to it a light or lights which shall be so displayed as to be visible from the front and the rear during the period from one-half hour after sunset until one-half hour before sunrise. Such light or lights shall be of sufficient illuminating power to be visible at a distance of two hundred feet. Provided this section shall not apply to any vehicle designed for the transportation of hay or straw, while such vehicle is loaded with such freight nor shall it affect the provisions of any existing statute or regulation requiring lights on motor vehicles.

Section 4. Upon the written application and the presentation of sufficient reasons therefor by the owner of a vehicle, the secretary of state may in writing and in such form and subject to such requirements as he may elect, and without expense to the applicant, exempt said vehicle from the provisions of section three of this act for such period of time as said secretary may elect.

Section 5. Any person driving, in charge of, any vehicle during the period from one-half hour after sunset until one-half hour before sunrise, who shall refuse, when requested by a police officer, sheriff, deputy sheriff, constable, or any proper officer of a town, to give his correct name and address, shall be fined not more than ten dollars.

Section 6. If the owner of any horse or other animal, or of any vehicle, shall entrust such animal or vehicle to his agent, bailee, servant, or employee to be ridden, led, driven, or operated by such agent, bailee, servant, or employee upon the public highways of this state, or shall rent or loan the same to an incompetent and inexperienced person to be thus ridden, led, driven, or operated, and such agent, bailee, servant, or employee, while in the execution of such owner's business within the scope of his authority, or such incompetent and inexperienced person, as a result of such incompetency and inexperience, shall, by neglecting to conform to any provisions of section two or three of this act, cause any injury to the person or property of another, or shall negligently collide with another, thereby causing such injury, such owner shall pay to the party injured his actual damages and costs; but in every case the party injured shall elect whether he shall proceed against such owner under the provisions of this section or against the person actually causing such injury under the provision of section seven of this act.

Section 7. Every person who shall, by neglecting to conform to any provision of section two or three of this act, cause any injury to the person or property of another, or shall negligently collide with another, thereby causing such injury, shall pay to the party injured double or treble damages as, in the discretion of the judge of the court in which the action is pending, shall be just, with the costs of such action.

Section 8. Every person riding on, propelling, driving, or directing any vehicle upon a public street or highway, who shall run against, upon, or over any person upon such public street or highway, or the property of any person, in his personal possession or use, in such manner as to injure such person or property, and shall not stop at once to ascertain the extent of such injury and to render such assistance as may be needed, or shall refuse to give his name and address, or shall give a false name or address when the same is asked for by the person so injured or by any other person in his behalf, shall be fined not more than five hundred dollars, or imprisoned in the county jail not more than six months, or both.

Section 9. All officers having authority to make arrests who shall have knowledge of a violation of any provision of this act shall report such violation to the proper prosecuting officer or arrest the offender and cause presentment of such offender before a court or justice of the peace having jurisdiction of the offense. Any such officer who shall fail to report such violation to the proper prosecuting officer or make such arrest shall forfeit ten dollars to any person who shall, within ninety days after the commission of such offense, bring suit therefor.

Section 10. Section 1304 of the general statutes, chapter 216 of the public acts of 1905 as amended by chapter 268 of the public acts of 1909, and chapter 136 of the public acts of 1913, are hereby repealed.

Section 11. This act shall take effect July 1, 1915.

# FEES

TABLE OF FEES FOR REGISTRATION OF MOTOR VEHICLES UNDER THE MOTOR VEHICLE LAW OF 1915 FOR EACH MOTOR VEHICLE AT FIFTY CENTS PER HORSE POWER.

## Hartford City Ordinances

### ARTICLE 1.

#### Vehicles in Motion.

Section 1. A vehicle, except when passing a vehicle ahead, shall keep to the right and as near the right curb as possible.

Section 2. A vehicle meeting another vehicle shall pass on the right.

Section 3. A vehicle overtaking another shall pass on the left side of the overtaken vehicle and shall not pull over to the right until entirely clear of it.

Section 4. A vehicle in turning to the right into another street shall keep as near the right curb as possible.

Section 5. A vehicle in turning to the left into another street shall pass to the right of and beyond the center of the intersecting street before turning.

Section 6. A vehicle crossing from one side of the street to the other shall do so by turning to the left, so as to head in the general direction of traffic on that side of the street.

Section 7. Vehicles moving slowly shall keep as close as possible to the right-hand curb, so as to allow vehicles moving faster free passage on the left.

Section 8. Whenever two or more vehicles traveling on different streets approach the intersection of two or more streets, each driver shall give the driver on his right hand the right of way.

Section 9. No person shall drive, guide or have the care of two or more horses harnessed respectively to different vehicles.

### ARTICLE II.

#### Signals.

Section 1. In slowing up, stopping, turning while in motion, or in starting to turn from a standstill, a signal shall be given by raising the whip or hand.

Section 2. Before backing ample warning shall be given, and while backing vigilance must be exercised not to injure those behind.

### ARTICLE III.

#### Right of Way.

Section 1. United States Mail, Police, Fire Department vehicles, and ambulances, and vehicles of physicians while engaged in the actual performance of their professional duties, shall have the right of way in any street and through any procession.

Section 2. Subject to Section 1 of this Article, street cars shall have the right of way between cross streets over all other vehicles; and the driver of any vehicle proceeding on the track in front of a street car shall turn out on a signal by the motorman or conductor of the car.

Section 3. A vehicle waiting at the curb shall promptly give place to a vehicle about to take on or let off passengers.

### ARTICLE IV.

#### Stopping, Standing, and Turning.

Section 1. No vehicle shall stop with its left side next to the curb in any portion of the city.

Section 2. No vehicle shall stand backed up to the curb except when actually loading or unloading and if said vehicle is horse-drawn and has four wheels, the horse or horses must stand parallel to the curb and faced in the direction of traffic, but no vehicle shall stand so backed up if it interferes with or interrupts the passage of other vehicles or street cars.

Section 3. Unless in an emergency or to allow another vehicle or a pedestrian to cross its way, no vehicle shall stop in any public street, except close to the curb.

Section 4. No vehicle shall stop or stand within the intersection of any streets, or of any street and driveway, nor within ten feet of a street corner or fire hydrant.

Section 5. No vehicle or street car shall stop in such a way as to obstruct any street or crossing, except in case of accident, or when directed to do so by a public officer.

Section 6. A person having charge of a vehicle shall not stop the same abreast of another vehicle lengthwise of any street, except in case of accident or emergency.

Section 7. No vehicle shall back to make a turn in any street, if by doing so it interferes with other vehicles, but shall go around the block or to a street sufficiently wide to turn in without backing.

Section 8. The driver of a vehicle, on the approach of a fire engine or any other fire apparatus, shall immediately draw up said vehicle as near as practicable to the right hand curb and parallel thereto and bring it to a standstill.

Section 9. The driver of a street car shall immediately stop said car and keep it stationary upon the approach of a fire engine or other fire apparatus.

Section 10. Street cars passing through Pearl Street in either direction shall not stop between the Phoenix Mutual Life Insurance Company's building, number 49 Pearl Street, and Main Street for the purpose of discharging or taking up passengers.

Section 11. There shall at all times be a space of at least twenty feet between street cars headed in the same direction, whether said cars are in motion or stationary.

Section 12. No vehicle shall, between the hours of nine a. m. and six p. m. on any day except Sunday, stop for a longer period than forty minutes on any of the streets, or portions of the streets, hereinafter designated, to wit: Main Street from the north line of Grove Street extended to the south line of Morgan Street extended; Mulberry Street from Main Street to Wells Street; Pearl Street from Main Street to Trumbull Street; Asylum Street from Main Street to High Street; Pratt Street from Main Street to Trumbull Street; Church Street from Main Street to Trumbull Street; Grove Street from Main Street to Prospect Street; Prospect Street from Atheneum Street to Central Row; State Street from Main Street to Market Street; Kinsley Street from Main Street to Market Street; Temple Street from Main Street to Market Street; Lewis Street from Pearl Street to Gold Street; provided, that this shall not apply to teams actually engaged in loading or unloading goods or merchandise, nor to vehicles on public stands, nor to vehicles of physicians engaged in the actual performance of their duties outside of their offices.

Section 13. The Board of Police Commissioners may, from time to time, in case of special temporary emergency, extend these regulations to include other streets whenever in its judgment such course is necessary, and may make such additional rules for the regulation of traffic at places in its opinion especially dangerous as in its judgment may be necessary to properly protect the public in the safe use of the highways.

#### ARTICLE V.

##### Care in Driving. Manner of Loading. Stealing Rides.

Section 1. No one shall cease to hold the reins while riding, driving or conducting a horse.

Section 2. No one shall so load a vehicle or street car with iron or other material that may strike together without properly deadening it so that it will cause no unnecessary noise.

Section 3. No one shall steal a ride upon any vehicle or street car, and no one shall ride upon the rear of any vehicle without the consent of the person in charge thereof.

Section 4. The driver of a street car passing a standing street car shall reduce its speed to three miles an hour and give signal of its approach.

#### ARTICLE VI.

Drivers of vehicles and street cars must at all times comply with any direction by voice or hand, of any member of the police force, as to stopping, starting, approaching or departing from any place, and the manner of taking up or setting down any passengers or loading or unloading goods in any place.

#### ARTICLE VII.

##### Definitions.

Section 1. The word "vehicle" includes equestrians, horses hitched to vehicles, led horses, motor vehicles of all kinds, and everything on wheels and runners except street cars.

Section 2. The word "horse" includes all domestic animals.

Section 3. The word "driver" includes the rider or driver of a horse, the rider of wheels and the operator of a motor cycle or street car.

#### ARTICLE VIII.

##### Penalties.

Whoever violates any of the provisions of the foregoing rules and regulations shall be punished by a fine not exceeding twenty dollars for each offense.

#### ARTICLE IX.

All ordinances or parts of ordinances inconsistent herewith are hereby repealed. Approved December 12, 1911.

#### ARTICLE X.

No vehicles shall be allowed to stand east of Nos. 64 and 65 Pearl Street, between the hours of 9 a. m. and 8 p. m., except for the discharge of passengers. Approved by the Board of Police Commissioners, May 6, 1912.

Copies of the above ordinances can be obtained at the Police Station, at the office of the Board of Street Commissioners and at the office of the City Clerk.

#### AN ORDINANCE RELATING TO DAZZLING HEADLIGHTS.

Be it enacted by the Court of Common Council of the City of Hartford:

Section 1. That no operator of an automobile, trolley car or other motor vehicle while the same is being used or operated upon the public highways, squares or parks of the City of Hartford, shall use any acetylene, electric or other headlight, unless the same be screened, covered or the light thereof dispersed so as not to dazzle or blind other users of said highway, squares or parks.

Section 2. The Fire and Police Department vehicles shall be exempt from the provision of this Ordinance, when engaged in actual service.

Section 3. Any person violating this Ordinance shall be fined not more than five dollars (\$5.00) for the first offense, and not more than ten dollars (\$10.00) for each subsequent offense.

#### AMENDING AN ORDINANCE RELATING TO STREET TRAFFIC AND THE RULES FOR DRIVING IN THE CITY OF HARTFORD.

Be it ordained by the Court of Common Council of the city of Hartford:

1. That ARTICLE V. or an ordinance entitled: "An Ordinance Regulating Street Traffic and Rules for Driving in the City of Hartford," approved December 12, 1911, be and the same hereby is amended by addition to said Article, the following section to be known as SECTION 5.

SECTION 5. No vehicle shall pass any street railway car which has come to a stop for the purpose of discharging or taking on passengers, provided that this Section shall not apply when vehicle is going in an opposite direction from which said standing street car is headed, and said vehicle passes such street railway car upon the opposite side from which passengers are being received or discharged.

## New Haven City Ordinances

Section 508 b. of the Ordinances of the City of New Haven relating to the Speed of Animals, Bicycles, Street Cars and other vehicles:

Be it Ordained by the Board of Aldermen of the City of New Haven:

Section 1. A vehicle, except when passing a vehicle standing or going in the same direction, shall keep to the right as near the right-hand curb as is practicable.

Section 2. Vehicles, moving slowly, shall keep as close as is practicable to the right-hand curb, so as to allow faster moving vehicles free passage to the left.

Section 3. A vehicle meeting another going in the opposite direction shall pass to the right.

Section 4. A vehicle passing another going in the same direction shall pass to the left of the overtaken vehicle, and not pull over to the right until entirely clear of it, and so far ahead of it as not to interfere with its progress.

Section 5. A vehicle turning to the right into another street shall turn the corner as near the right-hand curb as is practicable.

Section 6. A vehicle turning to the left into another street shall pass to the right of and beyond the center of the street intersection before turning.

Section 7. A vehicle crossing from one side of the street to the other side shall do so by turning to the left, so as to head in the same direction as the traffic on that side of the street.

Section 8. No vehicle shall stop with its left side to the curb.

Section 9. Unless in an emergency, or to allow another vehicle or pedestrian to cross its path, no vehicle shall stop in any public street or highway of this city, except near the right-hand curb thereof, and so as not to obstruct a crossing.

Section 10. The Department of Police shall control all traffic in the streets and highways. All vehicles and cars shall stop or start immediately upon signal given by any policeman.

Section 11. In turning while in motion, or in starting to turn from a standstill, a signal shall be given by raising the whip or hand, indicating with it the direction in which the turn is to be made.

Section 12. No vehicle shall be allowed to remain standing more than fifteen minutes on Church street, between George and Court streets, or on Chapel street between Temple and State streets, except while the same is being loaded or unloaded, and in such case the same shall be done with dispatch and not in an unreasonable manner.

Section 13. The Police Department shall station officers at the congested corners and require all vehicles, cars and conveyances to start in same direction at the same time, and those going at right angles to stand still while the former are passing.

Section 14. No vehicle shall be permitted to turn the corner of Church and Chapel streets at right angles, but shall continue in the same direction in which it was going when it approached said intersection of Church and Chapel streets.

#### RIGHT OF WAY.

Section 15. Police, fire department, fire patrol, traffic emergency repair, United States mail vehicles and ambulances shall have the right or way through any street and through any procession.

Section 16. The driver of a vehicle, on the approach of a fire engine or any other fire apparatus, or ambulance, shall immediately draw up said vehicle as near as practicable to the right-hand curb and parallel thereto, and bring it to a standstill until the fire engine, apparatus or ambulance has passed.

#### SPEED.

Section 17. No vehicle or street car shall proceed at any time at a greater speed than is safe and proper under the conditions then obtaining.

#### PASSING SURFACE CARS.

Section 18. No vehicle shall pass any standing street railway car from which passengers are being received or discharged so as to interfere unreasonably in any way with such passengers.

#### DEFINITION.

Section 19. The word "vehicle" includes equestrians and everything on wheels or runners, except street cars and baby carriages.

#### PENALTY.

Section 20. Any person or persons, firm partnership or corporation operating vehicles in violation of any of the provisions of this ordinance shall be fined not more than fifty dollars for each offense.

#### PRINTING AND POSTING.

Section 21. The City Clerk shall cause this ordinance to be printed.

Section 22. The Department of Police shall cause this ordinance to be posted in public places, livery stables, garages and hotels, and shall keep copies at all of its stations and issue them on application.

#### REPEAL OF INCONSISTANT ORDINANCES.

Section 23. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

## Bridgeport City Ordinances

### Relating to Traffic Regulations

Be it ordained by the Common Council of the City of Bridgeport

The ordinance entitled "An Ordinance Relative to Traffic Regulations" approved February 26th, 1910, as amended by an ordinance entitled "An Ordinance Amending the Traffic Ordinance" approved August 2nd, 1910, is hereby amended to read as follows:

#### ARTICLE I.

##### Keeping to the Right, Passing, Turning, and Stopping.

Section 1. A vehicle, when passing a vehicle ahead, shall keep to the right and as near the right-hand curb as possible except as hereinafter provided.

Section 2. Vehicles, moving slowly, shall keep as close as possible to the right-hand curb, so as to allow faster moving vehicles free passage on the left.

Section 3. A vehicle meeting another shall pass to the right.

Section 4. A vehicle overtaking another shall pass on the left side of the overtaken vehicle and shall not pull over to the right until entirely clear of it, unless signalled or directed by the driver of such overtaken vehicle to pass on the right.

Section 5. A vehicle turning to the right into another street shall turn the corner as near the right curb as practicable.

Section 6. A vehicle turning to the left into another street shall pass to the right of and beyond the center of the street intersecting before turning.

Section 7. A vehicle crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on that side of the street, except when a stop or streets or parts of streets not included in district eight, and intending to continue in the same direction.

Section 8. No vehicle shall stop with its left side to the curb in that portion of the city included within the following limits, to-wit: Commencing at the southeast corner of East Main street and Stratford avenue; thence running north along the east line of East Main street to East Washington avenue; thence westerly along the northerly line of East Washington avenue to Main street; thence southerly on the westerly line of Main street to Elm street; thence westerly on the northerly line of Elm street to Harrison street thence southerly along the westerly line of Harrison street to Fairfield avenue; thence westerly along the northerly line of Fairfield to Courtland street; thence southerly along the westerly line of Courtland street to State street; thence southerly on the southerly side of State street to Broad street; thence southerly on the westerly side of Broad street to South avenue, thence easterly on the southerly line of South avenue to Water street; thence northerly on the easterly line of Water street to Stratford avenue; thence easterly on the southerly side of Stratford avenue to point of commencement.

Section 9. Unless in an emergency, or to allow another vehicle or pedestrian to cross its path, no vehicle shall stop in any public street or highway of this city, except near the curb thereof, and so not to obstruct a crossing.

Section 10. No person driving or controlling any vehicle carrying a load of material which projects beyond the tail board or rear of such vehicle shall, at the intersection of Main street and Fairfield avenue, turn said vehicle from either of said streets into the other.

Section 11. No persons, except a city official or employe in the necessary discharge of his duty or employment, driving or controlling a vehicle shall cause or

permit the same to stand at the curb within the points designated on the following named streets more than thirty minutes in any one hour of any week day between the hours of ten o'clock in the morning and eight o'clock in the evening, to-wit: on Main street between Congress and Gilbert streets, or on Fairfield avenue between Courtland and Water streets, or on Cannon street between Courtland and Main streets, or on John street between Courtland and Main streets or on State street between Main and Broad streets.

Section 12. No person, except a city official or employe in the necessary discharge of his duty or employment, driving or controlling a vehicle shall cause or permit the same to stand at the curb within the points designated for the purpose of loading or unloading on or from said vehicle any coal, ice barrels, kegs or any other heavy article or for the purpose of collecting garbage, refuse or waste materials to-wit: on Fairfield avenue between Broad and Water streets, or on Main street between Congress and Gilbert streets. Provided however, that nothing in this section contained shall be construed so as to prevent the loading or unloading of vehicles carrying or receiving separate articles or packages for retail delivery. Nor shall this section apply to the loading or unloading of vehicles in the prosecution of any construction, alteration, or repair work upon any street or building within said district.

Section 13. No person, except a city official or employe in the necessary discharge of his duty or employment, driving or controlling a vehicle, shall cause or permit the same to park or stand on the south side of Cannon street, between Main and Broad streets, or the north side of John street, between Main and Broad streets except while actively engaged in loading or unloading merchandise.

Section 14. Between the hours of 11:30 o'clock a. m. and 2 o'clock p. m. and between the hours of 5 o'clock p. m. and 6:30 o'clock p. m. no person driving or controlling any vehicle shall cause or permit the same to stop at the curb of any of the streets herein named between the points designated for the purpose of loading or unloading on or from said vehicle any coal, ice, barrels, kegs or other heavy article or for the purpose of collecting garbage, refuse or waste materials, to-wit: on Fairfield avenue between Broad and Water streets, or on Main street between Congress and Gilbert streets. Provided however, that nothing in this section contained shall be construed so as to prevent the loading or unloading of vehicles carrying or receiving separate articles or packages for retail delivery. Nor shall this section apply to the loading or unloading of vehicles in the prosecution of any construction, alteration, or repair work upon any street or building within said district.

Section 15. No person driving or controlling a vehicle shall stop or cause or permit the same to be stopped within the intersection of any streets or within ten feet of any corner of intersecting streets except in case of emergency or when directed by a police officer in uniform. But this section shall not apply to the members of the police, fire or emergency hospital departments of the city while engaged in the necessary performance of their duties or employments.

## ARTICLE II.

### Signals.

Section 1. All vehicles shall be required to immediately stop or start upon signal given by any policeman

Section 2. In turning while in motion, or in starting to turn from a standstill signal shall be given by raising the whip or hand, indicating with it the direction in which the turn is to be made.

Section 3. Any driver intending to stop near the left-hand curb of a street or part of a street, not specified in Section eight of Article I, shall give a signal with his hand for vehicle following to pass on the right.

## ARTICLE III.

### Right of Way.

Section 1. On all the public streets or highways of this city all vehicles going in a northerly or southerly direction shall have the right of way over all vehicles going in an easterly or westerly direction, except at places where directed by policemen.

Section 2. Police, fire department, fire patrol, traffic, emergency repair United States mail vehicles, and ambulances, shall have the right of way through any street and through any procession.

Section 3. The driver of a vehicle on the approach of a fire engine or any other fire apparatus, or ambulance, shall immediately draw up said vehicle as near as practicable to the right-hand curb and parallel thereto, and bring it to a standstill.

Section 4. All vehicles on the right hand side of the street shall have the right of way over vehicles intending to stop on the left.

## ARTICLE IV.

Drivers or persons in charge of vehicles other than bicycles shall not be less than fourteen years of age.

## ARTICLE V.

### Speed.

No vehicle shall proceed at any time at a greater speed than the law allows and is safe and proper under the conditions then obtaining.

## ARTICLE VI.

### Passing Surface Cars.

No vehicle shall pass any standing street railway car upon the same side as passengers are being received or discharged so as to interfere in anyway with such passengers.

ARTICLE VII.  
Definition.

The word "vehicle" includes equestrians and everything on wheels or runners, street cars and baby carriages.

ARTICLE VIII.  
Penalty.

Any person or persons, firm, partnership or corporation violating any of the provisions of this ordinance shall be fined not more than fifty dollars for each offense.

ARTICLE IX.  
Printing and Posting.

Section 1. The City Clerk shall see that this ordinance is printed.

Section 2. The Department of Police shall see that this ordinance is posted in public places, livery stables, garages and hotels and shall keep copies at all of its stations and issue them on application.

ARTICLE X.  
Repeal of Inconsistent Ordinances.

All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

ARTICLE XI.  
To Take Effect.

This ordinance shall take effect from the date of its approval by the Mayor.  
Approved, March 4, 1914.

## New London City Ordinances

### RELATIVE TO THE OPERATION AND MOVEMENTS OF VEHICLES.

Be It Ordained by the Court of Common Council of the City of New London:

ARTICLE I.

Section 1. Vehicles in motion. A vehicle, except when passing a vehicle ahead shall keep to the right of the road.

Section 2. A vehicle meeting another shall pass on the right.

Section 3. A vehicle overtaking another shall pass on the left side of the overtaken vehicle and shall not pull over to the right until entirely clear of it.

Section 4. A vehicle in turning to the right into another street shall keep as near the right curb as possible.

Section 5. A vehicle in turning to the left into another street shall pass to the right of and beyond the center of the intersecting street before turning.

Section 6. A vehicle turning or crossing from one side of the street to the other shall do so by turning to the left, so as to head in the general direction of traffic on that street.

Section 7. A vehicle shall not turn in Bank street, between Tilley and State streets, and Main street, between State street and John street, excepting at intersecting streets.

Section 8. Slow-moving vehicles shall keep as close to the right hand curb as possible, so as to allow faster moving vehicles free passage on the left.

Section 9. Whenever two or more vehicles traveling on different streets approach the intersection of two or more streets, each driver shall give the driver on his right hand the right of way.

Section 10. No person shall drive, guide, or have the care of two or more animals harnessed respectively to different vehicles.

ARTICLE II.

Section 1. Signals. All vehicles shall be required to stop or start upon signal given by any policeman.

Section 2. In slowing up, stopping, turning while in motion, or in starting to turn from a standstill, a signal shall be given by raising the hand or a whip.

Section 3. Before backing, ample warning shall be given.

ARTICLE III.

Section 1. Right of Way. United States mail, police, fire department vehicles, or physicians, while engaged in actual performance of their professional duties, shall have the right of way in any street and through any procession.

Section 2. On approach of fire apparatus, all street cars shall come to an immediate standstill. The driver of a vehicle shall immediately draw up said vehicle as near as practicable to the right hand curb and parallel thereto and bring it to a standstill, remaining there until the fire apparatus has passed.

Section 3. The driver of any vehicle while proceeding on the track in front of a street car shall turn out on signal by the motorman or conductor of the car.

ARTICLE IV.

Section 1. Stopping, standing and turning. No vehicle shall stop with its left side next to the curb in any portion of the city.

Section 2. No vehicle shall stand backed up to the curb, excepting when actually unloading or loading, and if said vehicle is horsedrawn and has four wheels, the horse or horses must stand as near parallel to the curb as possible and faced

in the direction of traffic, but no vehicle shall stand so backed up if it interferes with or interrupts the passage of other vehicles or street cars.

Section 3. No driver of a horse-drawn vehicle shall feed the horse in the streets of this city unless said horse is properly hitched.

Section 4. Unless in an emergency or to allow another vehicle or a pedestrian to cross the street, no vehicle shall stop in any public street except close to the curb.

Section 5. No vehicle shall stop or stand within the intersection of any streets or any street or driveway, nor within ten feet of a street corner or fire hydrant.

Section 7. No vehicle or street car shall stop in such a way as to obstruct any street or crossing, except in case of accident, or when directed so to do by a policeman.

Section 7. Street cars shall stop only at the right-hand, or further side of intersection streets, excepting in such cases where there is no crosswalk, or where it will block an intersection street.

Section 8. A person having charge of a vehicle shall not stop abreast of another vehicle lengthwise of any street, except in case of an accident or emergency.

Section 9. No person shall back to make a turn in the street, if by so doing it interferes with other vehicles, but shall go around the block or to a street sufficiently wide to turn without backing. (See Sec. 7, Article I.)

#### ARTICLE V.

Section 1. Care in Driving. Age of Drivers. No person shall cease to hold the reins or otherwise lose control of a horse while moving.

Section 2. Drivers or persons in charge of vehicles, other than bicycles, shall not be less than 14 years of age. (See State Regulations.)

Section 3. No vehicle shall proceed at any time at a greater speed than the law allows, and is safe and proper under the conditions then obtaining. (See State Regulations.)

Section 4. No vehicle shall pass any standing street car upon the same side as passengers are being received or discharged so as to interfere in any way with such passengers. (See State Regulations.)

#### ARTICLE VI.

Section 1. Definition. The word "vehicle" includes equestrians and everything on wheels or runners, except street cars and baby carriages.

#### ARTICLE VII.

Section 1. Drivers of vehicles and street cars must at all times comply with any direction, by voice or hand, of any member of the police force, as to stopping, starting, approaching or departing from any place, or loading or unloading of goods in any place.

#### ARTICLE VIII.

Section 1. Penalties. Whoever violates any of the provisions of the foregoing rules and regulations may be fined not more than \$25 for each offense.

Section 2. Vehicles not in use shall not be allowed on any street.

#### ARTICLE IX.

Section 1. The city clerk shall see that this ordinance is printed and the police department shall see that this ordinance is posted in public places, livery stables, garages and hotels, and copies shall always be on hand at police headquarters, and each member of the police department shall be provided with a copy at all times.

#### ARTICLE X.

Section 1. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Approved April 7, 1913.

## Stamford City Ordinances

### Definitions.

(a) The term "street" shall apply to that part of a public highway intended for vehicles or street cars.

(b) The term "one way traffic street" shall apply to a street on which traffic is restricted to one direction.

(c) The term "curb" shall apply to an extreme edge of a street.

(d) The term "horse" shall apply to any draft animal or beast of burden.

(e) The term "vehicle" shall apply to a horse, and to any conveyance, except a street car. It shall apply also to skaters and to baby carriages when on a street except at a regular crossing, at the end of a block, or on a sidewalk or foot path, where they shall be considered as pedestrians.

(f) The term "street car" shall apply to any conveyance confined to tracks.

(g) The term "driver" shall apply to the rider, driver or leader of a horse, to a person who pushes, draws or propels a vehicle and to the operator of a motor vehicle or street car.

(h) The term "parked" shall apply to a waiting vehicle and to waiting vehicles drawn up alongside of one another not parallel to the curb.

### Obedience.

The following regulations, for vehicles and street cars, shall be observed by the drivers thereof, who shall also comply at all times with any direction by voice,

hand or whistle from any member of the Police Force as to slowing down, stopping, approaching or departing from any place, the manner of taking up or setting down passengers, and the loading or unloading of anything.

#### Penalties.

Violations of the following regulations or any article, section or part thereof, shall be prosecuted in the Police Court and shall be punishable by a fine of not less than \$1 and not exceeding \$25.

#### Complaints.

Complaints with particulars should be made to any police officer or at the Police Station for record and action by the Police Department.

#### ARTICLE I.

##### Passing, Turning, Keeping to the Right, Backing, and Following.

Section 1. A vehicle meeting another shall pass to the right.

Section 2. A vehicle overtaking another shall pass to the left and not pull over to the right until entirely clear of it.

Section 3. A vehicle turning into a street to the right shall turn the corner as near the right-hand curb as practicable.

Section 4. A vehicle turning into a street to the left shall pass around the point of intersection of the two streets.

Section 5. A vehicle shall keep over, as near as practicable, to the right hand curb so as to leave the center of the street free and open for overtaking traffic—the slower the speed the nearer the curb.

Section 6. A vehicle on a street divided longitudinally by a parkway, walk, sunkenway, viaduct or cab stand, shall keep to the right of such division.

Section 7. A vehicle passing around a circle shall keep to the right from entrance to exit.

Section 8. A vehicle shall not back to make a turn, if it obstructs traffic, but go around the block or to a street wide or free enough for the purpose.

Section 9. A vehicle shall not follow another vehicle or street car too closely for safety.

#### ARTICLE II.

##### Stopping, Standing, Waiting and Parking.

Section 1. A vehicle shall not stop with its left side to the curb on any street in the business section, nor on any street with car tracks, except on a "one-way traffic street."

Section 2. A vehicle waiting in front of an entrance to a building shall promptly give way to a vehicle arriving to take up or set down passengers.

Section 3. A vehicle shall not be left in such position as to prevent another vehicle from moving up close and parallel to the curb in front of an entrance to a building, nor so as to prevent another vehicle already stopped near the curb from moving away, nor within fifteen feet of a fire hydrant.

Section 4. A vehicle shall not be so parked or otherwise stopped as to prevent the free passage of other vehicles or street cars in both directions at the same time.

Section 5. A vehicle, unless parked, shall not stand backed up at any angle to a curb, except while loading or unloading, and if horse-drawn and with four wheels the horses shall stand parallel with the curb, faced in the direction of traffic.

Section 6. A vehicle shall not stop in any street except near the curb and so as not to obstruct a crossing unless to allow another vehicle, street car or pedestrian to cross its path.

Section 7. A street car shall not stop within an intersection of streets nor so as to obstruct a crossing nor within five feet of a street car ahead.

#### ARTICLE III.

##### Overtaking Street Cars.

A vehicle overtaking a street car stopped to take up or set down passengers shall exercise due caution not to interfere with, nor harm them, always coming to very slow and safe speed and stopping when necessary.

#### ARTICLE IV.

##### Right of Way.

Section 1. An Ambulance, Police, Fire Traffic Emergency and U. S. Mail Vehicle shall have the right of way.

Section 2. A vehicle on the track in front of a street car shall immediately turn out upon signal.

Section 3. A vehicle or street car shall not so occupy any street as to obstruct traffic.

Section 4. A vehicle, on the approach of fire apparatus, shall immediately draw near to and parallel with the curb and stop.

Section 5. A street car, on the approach of fire apparatus, shall stop so as not to interfere with its passage.

#### ARTICLE V.

##### Signals.

Section 1. A vehicle slowing down or stopping shall give timely signal by hand or whip, or in some other unmistakable manner.

Section 2. A vehicle about to turn either from a standstill or while in motion, shall give timely signal by hand or whip or in some other unmistakable manner indicate the direction of the turn. Especially is this important when turning to the left.

Section 3. A vehicle before backing shall give ample warning and avoid injury to other vehicles, street cars and pedestrians.

Section 4. Three or more blasts of a police whistle shall indicate the approach of apparatus or other danger.

Section 5. A vehicle shall be equipped with lights and sound signals as prescribed by law.

Section 6. Sound signals are prohibited, except for necessary warning.

#### ARTICLE VI.

##### Speed.

Section 1. A vehicle or street car shall not exceed the rate of speed established by law and shall proceed with great caution, especially on narrow streets, in making turns, in crossing other streets and in passing other vehicles or street cars.

Section 2. A vehicle shall not cross a sidewalk to or from an alley, lot or building faster than a horse walks.

#### ARTICLE VII.

##### Control, Treatment and Condition of Horses.

Section 1. A horse shall not be unbridled, nor left unattended in a street or uninclosed space without being securely fastened, unless harnessed to a vehicle with wheels so secured as to prevent its being dragged faster than a walk.

Section 2. A driver shall continuously hold the reins in his hands while riding, driving, or leading a horse.

Section 3. No one shall over-load, over-drive, ill-treat or unnecessarily whip any horse.

Section 4. No one shall crack or so use a whip as to excite any horse other than that which he is using, or so as to annoy, interfere with or endanger any person.

Section 5. No one shall use a horse unless fit for its work, free from lameness or sores likely to cause pain, and from any vice or disease likely to cause accident, injury or infection.

#### ARTICLE VIII.

##### Restrictions in Regard to Vehicles.

Section 1. A vehicle is prohibited when so constructed, enclosed, equipped or loaded as to be dangerous, retard traffic, or prevent the driver from having a view sufficient for safety.

Section 2. A vehicle is prohibited when loaded with iron or other noisy material that may strike or rub together unless properly "deadened" to prevent unnecessary noise.

Section 3. No one less than sixteen years of age shall drive a vehicle intended for commercial purposes without a police permit.

Section 4. No one shall ride upon the rear of any vehicle without the driver's consent.

Section 5. A vehicle shall not tow more than one other vehicle and the combination shall be not over sixteen feet long.

Section 6. Coasting is prohibited when dangerous.

Section 7. The use of a motor muffler cut-out is prohibited.

Section 8. Unnecessary or excessive smoke from motors is prohibited.

##### Respective Rights and Duties of Drivers and Pedestrians.

(a) Streets are primarily intended for vehicles and street cars, but drivers must exercise all possible care not to injure pedestrians.

(b) Pedestrians should avoid interference with traffic and to this end should not step from the sidewalk without first looking to see what is approaching;—should cross the street at a right angle, preferably at a regular crossing at the end of a block, and where a traffic policeman is stationed, wait for his signal;—should stand on the sidewalk or close to the track when waiting for a car;—should face the front of the car when alighting from it and observe the traffic on the right before moving to the sidewalk, and if crossing behind it observe the traffic in both directions.

(c) Pedestrians on sidewalks should keep to the right and when stopping should not obstruct a crossing or an entrance to a building.

## PREFERRED POSITION

Your Advertisement in this space  
occupies a preferred position—a  
point well worth considering.

**The State Publishing Co.**

118 Asylum St.

Hartford, Conn.

**You**

Have seen this advertisement.

Thousands would see yours if it appeared  
on this page.

30,000 people consult this book!

That's just the reason why it is a profit-  
able advertising medium.

**Try it.**

No waste circulation. Never thrown  
away until replaced by  
a new book

Let us tell you more about it.

**HARTFORD, - - - CONNECTICUT**

## POSTAGE WASTE

Do you realize that you waste a cent every time you mail a letter without an envelope enclosure? The average weight of an envelope and a single letter sheet is less than half an ounce. At two cents an ounce, letter postage, you can see there is a waste of at least one cent. To utilize this waste you should enclose with letters, to make

them more efficient and to get your money's worth, a blotter, a return post-card, a self-addressed envelope, or, better than all of these, an envelope folder. This is worth your very earnest consideration. We can assist you to prepare some very effective folders to enclose with your mail. May we send our salesman to go over this with you?

**THE PLIMPTON MFG. CO.**

252 Pearl St.

Hartford, Conn.

## Manufacturers and Dealers

A fair cost of Printing is about \$3.50 per thousand sheets. On that basis a

## Die Stamped Letter Head

WOULD COST ABOUT 1.5 OF A CENT MORE PER SHEET

Not counting your time in dictation, a series of five letters will cost you at the very least 25 cents (for your stenographer's time). To have these letters on Die Stamped Stationery will cost only a trifle more. Ask for specimens or let us make sketch showing what we can do for you.

LIST OF COMMERCIAL CARS CONTINUED ON PAGE FOLLOWING MOTORCYCLES

## *Manufacturers, Attention!*

---

Very cautious and careful manufacturers of Automobiles are fearful that advertising in a publication that reaches automobilists is of very little value to them.

We beg to call their attention to the fact that a large percentage of automobile owners in Connecticut who are driving certain cars this year may have ideas of purchasing some other make of car next season, hence their attention should be called to a better quality car than the one they are driving.

By inserting your advertisement in this publication, you reach 30,000 automobilists in Connecticut, some of whom may perhaps buy your car next season.

Address THE STATE PUBLISHING CO.

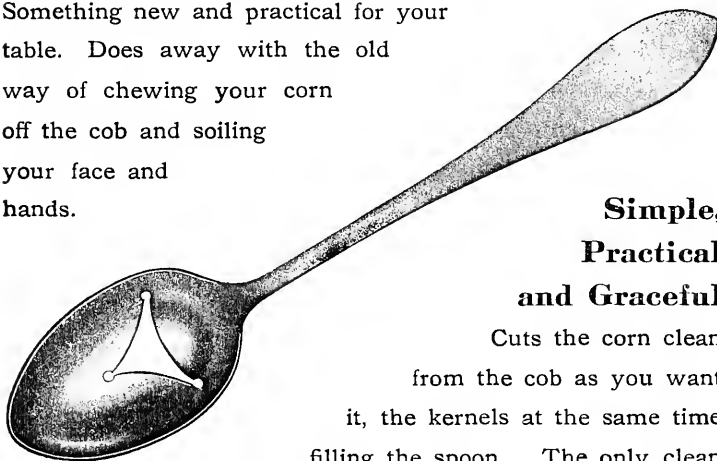

118 Asylum St.  
Hartford, Connecticut

# The E Z Eat Corn Spoon

## A NEW ONE

Makes eating **corn** from the **cob** a pleasure.  
Something new and practical for your  
table. Does away with the old  
way of chewing your corn  
off the cob and soiling  
your face and  
hands.

**Simple,  
Practical  
and Graceful**

Cuts the corn clean  
from the cob as you want  
it, the kernels at the same time  
filling the spoon. The only clean  
and graceful way to eat corn from the cob.

Manufactured by

**THE HAMILTON MFG. & SALES CO.**

26 STATE STREET

HARTFORD, CONN.

Agents Wanted

# Gargoyle Mobiloids

Suppose an oil meets a low cold test.

Will it be safe for winter use? Will it be safe for year-round use?

Not necessarily. Oils that will not congeal in cold weather are common. But cold tests alone are not safe guides to an oil's efficiency.

Added to that, our analyses and practical tests of 273 current models show that 113 of these cars operate most efficiently in summer with a grade of oil not best suited to winter conditions.

Different cold weather problems are presented by the pressure type, the semi-force-feed and the direct-feed lubricating systems. They must be considered in connection with the other points of difference in the motor construction.

The summer oil meets your car's demands on hot summer days. The winter oil meets its cold weather requirements. Some cars require the same grade of Gargoyle Mobiloid for summer and winter.

These specific recommendations for different seasons and different cars naturally involve technical study and extra manufacturing effort.

We certainly would not undertake this laborious work if correct lubrication could be supplied without it.

The sooner the motorist comes to realize that efficient lubrication is not guesswork, the sooner he will eliminate unnecessary wear and tear, and secure the best efficiency for his car.

A booklet on lubrication, which contains our complete lubricating chart, covering all American and leading foreign makes, will be mailed on request.

## **MOTORISTS, ATTENTION!**

We make a specialty of the newest and most comfortable fitting goggles with clear or colored lenses, ground plain or according to your prescription. We duplicate your broken eyeglass lenses at short notice.

Before planning any long trips, talk with us about a Prism Binocular Field Glass. They will multiply the joys of motor-ing and increase your interest in outdoor life and sports.

Eastman Kodak Agency. 24-hour service on Developing and Printing Films. Artistic Work. Reasonable Prices.

# Whyfore of the A. A. A.

## ITS MAIN OBJECTS ARE:—

TO UNITE in one body all the automobile clubs and individual motorists of the country to secure reasonable and just legislation.

TO AID in proper enforcement of automobile laws and ordinances; to advocate and obtain Local, State and Federal aid in the construction and maintenance of good roads.

TO ENCOURAGE touring, and to secure, prepare and disseminate information relative thereto.

## DIRECT BENEFITS TO MEMBERS

1. Touring information from bureaus in New York City, Washington, D. C., and Chicago, where country-wide information of routes, roads, maps, etc., will be furnished upon application, without cost.

2. Reciprocal touring information privileges throughout the United States and Europe. While touring these privileges are of inestimable value.

3. Members desiring to tour abroad can obtain important assistance regarding customs, registration, shipment or hiring of cars, maps, guides, etc.

4. Arrangements with the Automobile Association and Motor Union of Great Britain and Ireland provide for a special membership for A. A. A. members at half rate; and membership in the Touring Club of France and the Touring Club of Italy.

## Do you want to tour over Good Roads?

*Then you must help to see that they are built and properly maintained.*

## Do you want uniform legislation for motor-driven vehicles?

*Then you must co-operate with your fellow motorists.*

## Do you want correct touring information?

*Then join your nearest Club and become affiliated with the*

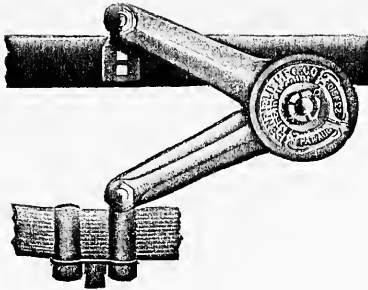

## American Automobile Association

READ

# The Hartford Post

EVERY DAY

The Post has a larger percentage of unduplicated circulation than any other Hartford paper.

The Post leads in suburban circulation.

Advertisers who fail to use The Post deliberately neglect to cultivate the buying capacity of that part of the field which is reached by its government-sworn circulation of more than 10,000.

The Post is Hartford's popular paper. It gives all the news and gives it first. Its editorial opinions are broad-minded and progressive. It serves no interest but the people's.

## Reliable Hotels and Garages

The purpose of the following list of reliable hotels and garages is twofold: First, to bring to the attention of the Connecticut automobilists, establishments where they will be assured of good service and absolutely fair treatment. Second, To provide revenue for the extension of this valuable book of information.

Automobilists are requested to assist in this work by patronizing these Hotels and Garages whenever possible with the assurance that the revenue is only a secondary consideration, and that none but first-class establishments are admitted to these columns.

Every judge of good lager takes  
pleasure in rendering a decision  
in favor of

**FISCHER'S EXPORT LAGER**

as the ideal home lager. Brewed from the very choicest materials by  
**THE HUBERT FISCHER BREWERY, Hartford, Conn.**

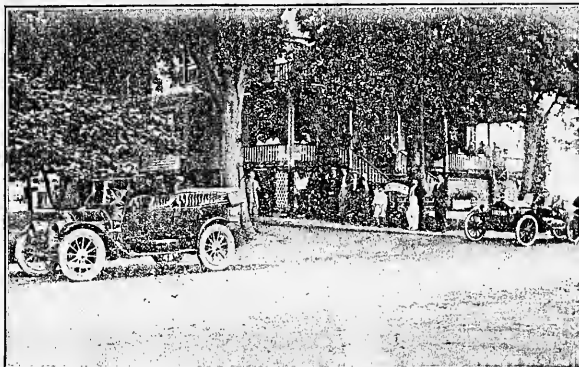

If purity, wholesomeness and the knowledge that your beer is made in a brewery where perfect sanitary conditions prevail count—as it surely must with you—then you may drink the products of the **Fischer Brewery** with an easy mind. Only the best ingredients find acceptance here—nothing short of perfect brewing passes inspection.

Let us send you a dozen assorted, packed in a convenient package and shipped anywhere.

# The Advertisers' Advantage

The advertisers who use the Connecticut Motor Vehicle Register are thoroughly reliable and representative, owing to the fact that this is a State publication, and only those who are reliable are admitted to these columns.

Advertisements in this Register are read by thousands throughout the State, and considerable confidence is placed in them, owing to the above conditions.

The advertisers are commended to the 30,000 motorists in Conn., because we feel certain that the care attending the acceptance of all our advertisements results in offering this vast army of automobile owners of Conn. only dependable articles guaranteed by responsible firms.

The State Publishing Co.

# Stonington Manor Inn

STONINGTON, CONN.

Spacious Rooms with and without Baths - - Transients Only

Open for Season of 1915

Entrance During Detour from Old Mystic Road. Garage. Telephone, Mystic 250

---

THE CONNECTICUT MOTOR VEHICLE REGISTER is the most effective medium for advertisers in the field of motoring, because every one of its 30,000 copies goes into the hands of well-informed automobilists. It is the guide for this powerful clientele. It is a State publication, and is considered reliable by them.

The money spent advertising in this publication gives best results owing to the fact that none but automobilists read its contents. The Register therefore represents a publishing enterprise that must appeal to those who desire to bring their products to the attention of the 30,000 automobilists in the State of Connecticut.

# NEWGATE

**N** the western slope of a spur of the Talcott Mountain, in the town of East Granly, stands the ruins of Connecticut's famous Newgate Prison. The spot is one of great interest to tourists and students of history. The ancient walls, still in a fair state of preservation, are most picturesque, and the location is one of great natural beauty.

Beneath the Prison enclosure, cut in the solid rock, are the shafts and passage-ways of an extensive and long unused copper mine. The original purpose was not for a prison, but to mine for copper. This work was begun in 1707, and was continued for many years, under various ownerships.

At the beginning of the War of the Revolution these excavations were utilized as a prison and became in those troublous times the place of confinement of many a hated Tory. General Washington also sent there many persons whose misdeeds made them worthy of such a fate. The following years record a history of cruelty, bloodshed, and numerous desperate attempts at escape.

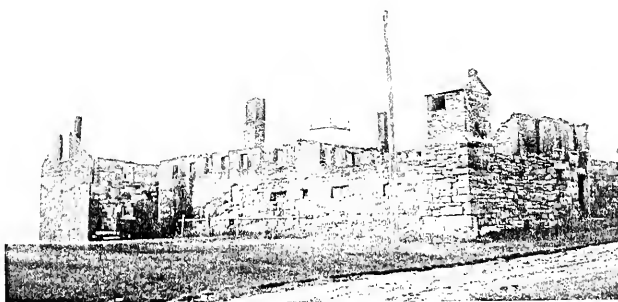

Rear of the Prison and Terraces, also Outlet of the Drain Where the Escaping Prisoners Came Out

In 1790 Newgate was organized as a state prison. A number of workshops and other buildings were erected, and in 1802 these were surrounded by a twelve-foot stone wall, provided with watch towers for sentries. Here, for more than half a century, Connecticut confined her convicts. By day they labored above ground in the shops or at the tread-mill, and by night, loaded with chains, were forced to descend into the mine sixty feet to sleep.

Its use as a prison ceased in 1827, when the inmates were transferred to Wethersfield.

The visitor will find much to awaken interest in a study of crumbling walls and a visit to the depths of the mine, while the view from the observatory is among the finest in the state.

# Old Newgate Prison

South View Showing Guard Tower.

Connecticut's Most Famous Ruin

---

East Granby, Conn.

# Old Newgate Prison

## Is Open for the Season.

---

Guests can rely on the best of attention and guides are in attendance to conduct visitors through the prison and mines.

### Newgate Lodge

(Opposite the Prison)

### is Also Open.

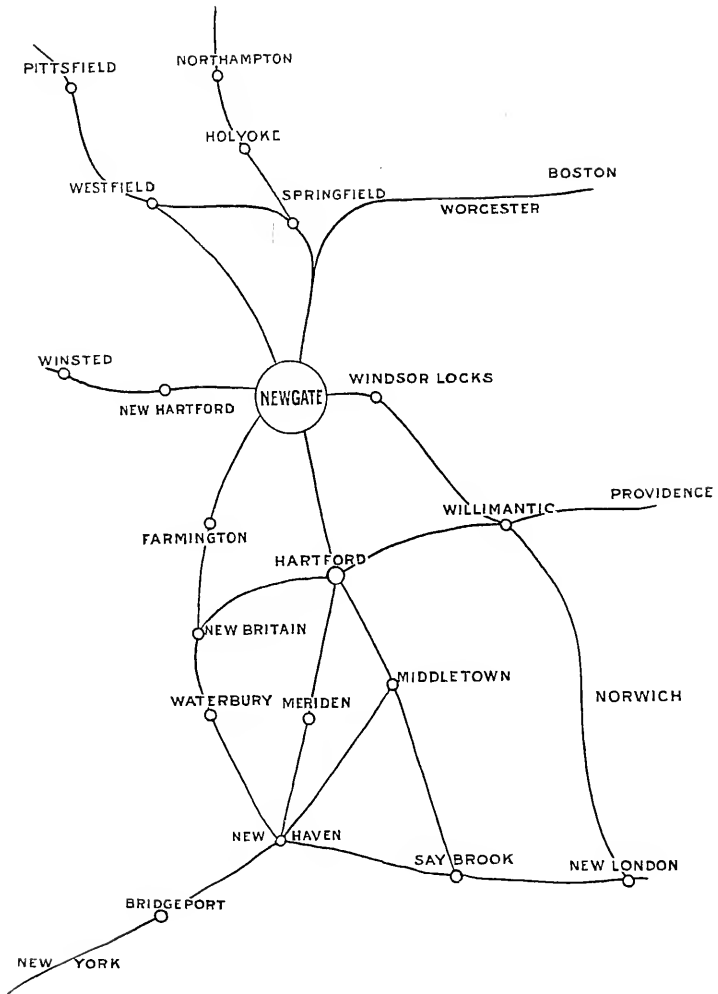

Newgate Lodge.

Originally built for a tavern in 1763 and used as one for a century, the house has been preserved in all its features of interest.

A specialty is made of steak and chicken dinners.  
Game suppers in season.

Telephone connection.

A. B. PHELPS, Proprietor.

\$1.00 Each

Here's what makes the

## MASTER

the Quality Spark Plug of the World

MADE IN HARTFORD, CONN., U. S. A.

It has been adopted by the United States Government and is used extensively by the United States Navy Department.

Because The Master Spark Plug—  
—will not carbonize or short circuit—  
—will always fire even in an over-oiled cylinder—  
—will give a hotter, fatter spark than any other plug even on a weak circuit.

The Master will not leak compression.  
The core will not break, even under terrific heat, because ample provision is made for expansion and contraction.

The imported porcelain is the finest obtainable.  
The sparking points have less resistance than any other plugs, and therefore use less current, and—

—if it is ever necessary—  
—the Master can easily be taken apart, cleaned and reassembled without danger of injury—it is so very simple—yet heavy and substantial in construction.

The Master combines every merit required in a spark plug—with an utter absence of any faults.

If perfection has been reached in spark plug construction—

### THE MASTER IS PERFECTION

Our unqualified guarantee—

After using Master Spark Plugs for 30 days, if you are not entirely satisfied with your purchase, money will be refunded if requested, on return of plugs where purchased—

not only shows our confidence in the Master, but indicates our determination to stand back of every plug sold by us.

Every motorist should realize this fact—It is cheaper, both in money and in satisfaction, to install one set of Master Plugs than to be compelled to buy four or five sets of poor, cheap plugs during a season.

Retail prices—regular length—\$1.00 each, Extra long—\$1.25 each, Master Model F designed especially for Ford Cars—\$1.25 each.

To Dealers

Write us at once for our special proposition.

All Standard Threads Carried in Stock.

You can sell Quality Masters and make more money and give better service and satisfaction to your customers than you can by handling the "cheap plugs." Give your customers the plug they demand—they ask for the best—sell them the Master.

## THE ADVERTISERS' ADVANTAGE

The advertisers who use the Connecticut Motor Vehicle Register are thoroughly reliable and representative, owing to the fact that this is a State publication, and only those who are reliable are admitted to these columns.

Advertisements in this Register are read by thousands throughout the State, and considerable confidence is placed in them, owing to the above conditions.

The advertisers are commended to the 30,000 motorists in Conn., because we feel certain that the care attending the acceptance of all our advertisements results in offering this vast army of automobile owners of Conn. only dependable articles guaranteed by responsible firms.

## ROAD BULLETINS

Work is being started on the bridge over the Sebethe River in the Town of Berlin on the Hartford-New Haven trunk line. Through traffic from New Haven for Hartford should turn sharp left at Berlin Center, following the car tracks to New Britain. This route is posted with a sign at this point, marked "Hartford via New Britain and Elmwood." Follow the car tracks to Stanley Street where there is a sign marked "Hartford," turn right onto Stanley Street, leaving the car tracks at this point, and continue straight through Stanley Street onto the concrete road recently finished on the New Britain-Hartford road. Continue on this road to Hartford through Elmwood.

Through traffic from Hartford to New Haven should go out New Britain Avenue through Elmwood to New Britain. Leave the car tracks in New Britain at Stanley Street, continuing through Stanley Street to South Main Street, bearing slightly to the left on South Main Street, following the car tracks from here to Berlin Center. Turn right at Berlin Center onto the trunk line for New Haven.

On the Hartford-Saybrook turnpike, the bridge is being reconstructed at Rocky Hill. Detour around this job is posted. Road absolutely closed to through travel.

The trunk line from Somers to Stafford Springs over Bald Mountain is under construction. The detour around this job is over dirt country road and is posted.

*Greenwich:* Cos Cob to Mianus Bridge; road closed, good detour provided.

*Mianus Bridge to Stamford Town Line:* Road closed, good detour provided.

*Norwalk:* East Avenue still under construction.

*Westport:* Work expected on part-section of Westport Hill in a very few days. Detour will be provided via Westport Station.

*Milford:* Milford turnpike section between present concrete road and Milford, closed; detour and watchman provided. In the near future we will send you correct information regarding this detour.

*Cheshire:* Concrete roads under construction; road closed; detour provided.

*Waterbury:* Thomaston Avenue absolutely closed to travel.

*Berlin Turnpike:* Road closed at Bridge near Brick yard. All traffic must detour thru New Britain. Road properly marked for detours.

*East Haven:* Short Beach road open for travel.

Every judge of good lager takes pleasure in rendering a decision in favor of

**FISCHER'S EXPORT LAGER**

as the ideal home lager. Brewed from the very choicest materials by  
THE HUBERT FISCHER BREWERY, Hartford, Conn.

If purity, wholesomeness and the knowledge that your beer is made in a brewery where perfect sanitary conditions prevail count—as it surely must with you—then you may drink the products of the **Fischer Brewery** with an easy mind. Only the best ingredients find acceptance here—nothing short of perfect brewing passes inspection.

Let us send you a dozen assorted, packed in a convenient package and shipped anywhere.

## ROAD BULLETINS—Continued

*Bridgewater* — Southville road, road closed. Detour along parallel road on the west — in poor condition.

*Ridgefield* — Danbury road, road open from Ridgefield to Lockwood's Corner. Road closed from Lockwood's Corner to Bates' Corner on the Danbury-Norwalk Trunk Line. Detour about one mile in length from Lockwood's Corner to the Danbury-Norwalk Trunk Line on fair country road.

*Danbury* — Mill Plain and Brewster Road — open for travel and in good condition to the New York Line.

*New Milford* — Danbury road. Road closed on new location. Detour on the east along the old road to Lanesville Corner, then detour on the west for about one-half mile.

*Sherman* — Sherman Center construction work going on on the New Milford and Gaylordsville Road, but the roads are not closed.

*Southbury* — Southford road. Road open — construction work completed.

*Woodbury* — Nonewaug River Bridge on the Watertown road is now completed and the road is open, but the road surface is not completed.

*Woodbury* — Southbrook Bridge on the Southbury Road is under construction and the road is closed. Short detour on good gravel road on the east.

*Washington* — Woodville Bridge and Highway under construction and the old highway and bridge must still be used.

*Barkhamstead* — Barkhamstead-New Hartford road, from Station 45-0 to about Station 60-0. Detour is marked by roads to the north about one mile.

*Milford* — Detour for New Haven Turnpike (for south bound traffic). Turn from concrete post road at Fairlea Farm to right (barrier across road and watchman on duty), and follow road for about three thousand (3,000) feet to first road to left; continue along this road for about 3 miles, coming to a sharp turn to left, arriving on the Milford-Derby road; follow this road for about 2,000 feet to post road in Milford. (For north bound traffic.) Turn sharply to left where trolley tracks leave post road in Milford and after about 2,000 feet take Milford-Derby road to right; continue along this road for about 1,500 feet, then take right fork road; follow this road (Milford-Orange road) for about three-quarters of a mile; then take second fork to right again; continue along this road for about  $2\frac{1}{4}$  miles, then take sharp turn to right for about 3,000 feet to concrete post road. All turns on detour posted. Watchmen on duty night and day.

The new state road from Danbury west to the New York state line, through Mill Plain, is open to traffic. Fencing and cleaning up is all that remains to be done to complete this fine road. Grades have been cut down and corners cut off, and the road widened its entire length.

The new state road from Danbury to Ridgefield is rapidly nearing completion, one short but safe detour being all that is necessary at present. With this road completed Danbury will offer the motorist a choice of several all state road routes to New York City via Norwalk and the Boston Post road or via Ridgefield, Bedford, White Plains, Briarcliff, or any of the various Westchester County reservoir routes, or the Albany Post road from Tarrytown Down.

## COMMENTS ON THE CONNECTICUT MOTOR VEHICLE REGISTER

A welcome arrival. It is the best Automobile Register to be found anywhere. — *Hartford Courant*.

Official state publication is big improvement over former issues. — *Bridgeport Telegram*.

Much that is of interest in the way of automobile statistics is contained in the Automobile Register. — *New Haven Times Leader*.

Book is well printed. — *Bridgeport Post*.

Complete Automobile Register is issued. Copies of important document received throughout the state. Creditable and valuable book of information. — *Manchester Herald*.

A valuable department of the book, and one which is sure to be appreciated, is an alphabetical list of owners, state laws, rules of the road, and city ordinances — *Seymour Record*.

A storehouse of valuable information, and a creditable and worthwhile book. — *Rockville Leader*.

The Register is well printed and reflects considerable credit on the publishers. — Unanimous opinion of the state press.

By the large number of inquiries we have had from automobile owners, I know they will appreciate receiving this book, which is by far the best and most complete I have seen issued by this or any other state. — A. F. Connor, Chief Clerk, Automobile Department.

We are in receipt of the Connecticut Automobile Register for which we thank you. We have looked it over and have to say that it is very complete, and will prove valuable to every automobile owner and user of the same. — A. H. Andrews, New Britain Chamber of Commerce.

The Register reached me this morning and I want to compliment you upon its make-up — Ward M. Cowles, Bridgeport.

Mr. Welton has turned your book over to me, as I look after that work, and I want to say that I think it is a very fine thing. — Anna Schaub, Secretary to the Vice-President of the Rutherford Rubber Company.

More Than 10,000 People

READ

# The Hartford Post

EVERY DAY

The Post has a larger percentage of unduplicated circulation than any other Hartford paper.

The Post leads in suburban circulation.

Advertisers who fail to use The Post deliberately neglect to cultivate the buying capacity of that part of the field which is reached by its government-sworn circulation of more than 10,000.

The Post is Hartford's popular paper. It gives all the news and gives it first. Its editorial opinions are broad-minded and progressive. It serves no interest but the people's.

READ

# The Hartford Post

## NOTES

### *Hartford, Conn.*

The city ordinance relating to automobiles coming to a stop when approaching a standing trolley car and remaining there until the car has started, has been repealed, and the state law will be rigidly enforced.

### *Middletown, Conn.*

The city ordinance regarding parking of cars on Main St., to wit, keeping them backed against the curb, is being strictly enforced.

## ANOTHER SENSATION.

Following close on the heels of previous announcements in regard to four-cylinder Overland and Willys-Knight models of unusual value, comes the latest announcement from the Willys-Overland Co. of a new six-cylinder seven-passenger car selling at the remarkable price of \$1145, f. o. b. factory.

This latest addition to the Overland family sets a new standard for six-cylinder values. The wheel base of this model is 125". The motor is the latest type of the en bloc design by the Continental Motor Mfg. Co. and shows from 45 to 50 Horse Power on test. It has high tension magneto guaranteeing a hot spark and, therefore, maximum power at all times. The car has 35" x 4½" tires all around with non-skids on the rear. It seats seven passengers with absolute comfort and with its long wheel base takes them over the road with the least possible fatigue. It has the very best grade of genuine hand-buffed leather upholstery with pockets in all doors. It is electrically lighted and started by the highest developed system obtainable and is equipped with one-man top, rain vision, ventilated type of wind-shield, built in, demountable rims with one extra rim, high grade magnetic speedometer, in fact is built and equipped throughout according to the highest standard of automobile design of the present time.

Deliveries on this model will begin in August and this addition to models previously announced will make the Overland line one of the most comprehensive turned out by any manufacturer.

It is said that further announcements will be made by the Willys-Overland Co. within the next few months and it will be interesting to note what their plans for the future may bring forth. Immense additions have just been completed at the Toledo plant, and other large buildings are now under construction which, when finished, will give the factory a production capacity of over six hundred cars per day. Even at the present time over four hundred cars are being turned out each day, but this has failed to satisfy the demands of dealers, whose sales throughout the country have increased over previous years by several hundred per cent. With such conditions existing, and with the knowledge we have of the rapid strides made in the industry by this Company, we must admit that Overland values and Overland service are worthy of investigation by the prospective buyer of a medium-priced car.

PUBLISHED BY THE STATE PUBLISHING COMPANY  
118 Asylum Street Hartford, Connecticut

ALBERT M. SIMONS, President

ARTHUR FIFOOT, Sec'y and Treas.

The Connecticut Motor Vehicle Register is published bi-monthly as follows: February, April, June, August, October and December. Advertising forms close on the tenth day of the month preceding publication. Advertising rates on request. Single copies, 25 cents. Subscription price, 50 cents per year.

VOL. I.

HARTFORD, AUGUST, 1915

No. 1.

## EDITORIAL

The State Publishing Company takes pleasure in presenting its first bi-monthly edition of the Connecticut Motor Vehicle Register with the hope that the motorists of Connecticut will find it a useful compilation.

The policy of the publishers in the future will be to make this book more than a registration book, to wit: a book of valuable information, containing the registrations up to date, short trips about Connecticut and surrounding states, as well as changes in laws and city ordinances, information regarding highways, and such other useful information as may come to the attention of the publishers.

The future of the publication depends upon the assistance given the publishers by the automobilists, and we ask them to kindly send in their subscriptions as early as possible, and mention our name whenever and wherever they find it convenient to do so. This courtesy will be highly appreciated by the publishers.

We also invite the automobile public to make any suggestions regarding the publication that they deem advisable, with the assurance that the same will receive due and proper consideration, and will be highly appreciated.

The chief essential necessary to promote this work is the co-operation of the automobile public, and if you will do your share, the publishers will do everything in their power to make the Motor Vehicle Register better than any similar publication in the United States.

The signs that are placed on Central Row, Hartford, one of the restricted streets, while rather late, will be appreciated by automobilists from other cities of the State who visit the Capitol City. The experiment will, no doubt, lead the Police Department to follow the same course in all other restricted territory. It seems rather unjust to hale a stranger into the Police Court and charge him with the violation of a city ordinance of which he is entirely ignorant. While it is true that "Ignorance of the law is no excuse," we rather sympathize with the automobilists if they are compelled to study the various ordinances and restrictions throughout this commonwealth.

By giving the visiting automobilists courteous treatment, Hartford is bound to benefit, inasmuch as it will attract visitors, rather than drive them away.

It should be the aim of every city in the state to keep visiting autoists well informed of local restrictions, and for their benefit as well as that of pedestrians, enforce them strictly.

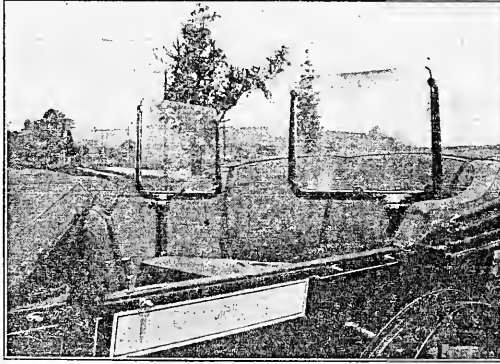

## DAZZLING HEADLIGHTS

It is difficult to find a paper these days that has no account of an automobile "accident" caused by the blinding headlights of some passing car. There is just one remedy for this annoyance and that is to drive up close to the side of the road, and stay there until the blinder goes by. It is against the law to shoot him, and, if you merely shoot the rays from your own lamps at him, that may make him run his car into yours. — *Hartford Courant*.

The above editorial is timely and deserving of due consideration. In these modern days of up-to-date equipments on motor cars it is an easy matter to dim one's headlights in passing a car on the road. The driver of a motor vehicle is under moral obligation, not alone to drivers of other cars, but to himself and his passengers to exert every effort towards avoiding accidents. A practice becomes a habit, and good habits are worthy of practice, so just try and dim your lights the next time you meet a passing automobile, and you will notice that in a short time your example will be followed and eventually adopted. The dimming of one's lights is a courteous and gentlemanly act, and we are positive that all automobilists are gentlemen. A word to the wise is sufficient.

## Trip 1. A TRIP THROUGH THE BERKSHIRES

An exceedingly pleasant all-day trip can be enjoyed on any Sunday, by making a run up into the Berkshire Hills. The roads are practically all State Highway, and in good condition.

Leaving Hartford, we follow Main Street into Albany Avenue with trolley, until tracks turn to right, about two and one-half miles from City Hall, when we bear left on State road over Talcott Mountain, from the top of which a magnificent view may be obtained. Descending the mountain, we come into Avon, thence to Canton and New Hartford, a delightful spot. To the left on Main Street will be noticed Greenwoods Inn, a summer hotel, up-to-date in every detail. Maxfield's garage is on the right, where everything needed in an emergency can be found.

We then go on to Winsted, and near the green, shaded by beautiful trees, is the Park Hotel.

Still following the State road we reach Norfolk, one of the highest spots in Connecticut. During the height of the summer season, many tennis tournaments are held, and also concerts given at which many artists of national repute take part. During the festivities, the New Norfolk Inn, the Hillcrest, and private houses are crowded to capacity. The Wangum Garage has ample facilities for attending to the wants of the motorist.

Following the main road, we come to Canaan, the "Gateway of the Berkshires." This beautiful little town, nestling in the Litchfield Valley, surrounded by the beautiful Litchfield Hills, is a sight worth seeing. A splendid view of the surrounding country can be had from the spacious verandas of the Canfield.

Crossing the State line we reach Massachusetts, going through Ashley Falls, a beautiful village, whose marble quarries enjoy a wide reputation. The Maplewood Inn, an old-fashioned New England homestead, is located at the very entrance of this town.

### A TRIP THROUGH THE BERKSHIRES (Continued)

A good State road leads through Sheffield into Great Barrington, the first county seat of Berkshire, which was incorporated as a town in 1761. From the center of this charming community, delightful walks radiate in every direction.

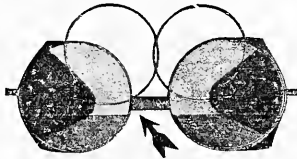

Ten miles southwest from Great Barrington is the Mount Everett State Reservation, of 700 acres. One of the quaint sights is the old colonial house of the poet, Bryant, built in 1759.

A cup of tea and a bite to eat can be had at the Berkshire Tea and Grill Room on Castle Street, Great Barrington. Gasolene and oil can be had at the Berkshire Garage on the same street.

At Stockbridge there are many beautiful summer homes. The Red Lion Inn and Heaton Hall are especially well equipped to take care of the tourist. Stockbridge is a town rich in historic lore. Here were the Stockbridge Indians, whose conclave beneath the great trees gave rise to the name of Council Grove, now the country estate of Charles S. Mellen. The old Indian burial ground with its monuments of native stone is a sight worth seeing.

Lenox, perhaps the best known resort for summer visitors, abounds in beautiful estates, and the Hotel Aspinwall, Curtis House, and the Grey House are filled with guests during the season. All tourists in the Berkshires always visit Lenox, owing to its manifold attractions. Nathaniel Hawthorne came to Lenox from Salem in 1750, and the three years which followed are designated as the productive period of his life. Here he wrote the "House of Seven Gables," "Tanglewood Tales" and other stories. The old courthouse, erected in 1715, is an object of especial interest. Then there is the "old white church on the hill" in whose tower is still ticking away the clock given by Fannie Kemble, a talented young woman, who was one of the first to become enamoured with the beauty of Lenox.

(Continued on page 18)

### ***MOTORISTS, ATTENTION!***

We make a specialty of the newest and most comfortable fitting goggles with clear or colored lenses, ground plain or according to your prescription. We duplicate your broken eyeglass lenses at short notice.

### A TRIP THROUGH THE BERKSHIRES (Continued)

Pittsfield is known practically all over the country, being the distributing point for the whole Berkshire territory. Many fine hotels are located here, among which might be mentioned The Wendell, The Maplewood, and The New American. The up-to-the-minute garage is Wood's Garage, on West Street. One of the beautiful sights in Pittsfield is its Country Club, the scene of Oliver Wendell Holmes' delightful story of "Elsie Venner." The present home of this club is one of the finest of all those in Berkshire County. The Berkshire Museum of Natural History and Art is another building that the tourist should not overlook. Its paintings, sculpture, natural history exhibit, collections of antique, bric-a-brac and curios from all over the world, are combined to make this institution one of great educational value. Another famous literary shrine is the Longfellow House, where in 1845 the poet wrote the "Old Clock on the Stairs," which is still ticking forth the years.

Leaving Pittsfield, the tourist returns to Lenox, thence to Lee, where a good meal can be obtained at the Greenock Inn, and anything needed for his car can be found at the Park or Hoskin's Garage. Lee is a town of about 4,000 inhabitants, in the Valley of the Housatonic, and has a landscape feature in a series of rocky heights running diagonally across the Valley from Laurel Lake on the west nearly to the mountains on the other side. An architectural feature of its buildings is the Congregational Church, its spire rising to a height of 185 feet, an object of admiration to all visitors.

After passing through East Lee, we keep on the State road, reaching the ascent of "Jacob's Ladder." We go over and descend through Bonnyrigg Four-Corners into Chester. The Riverside Inn located here is a select family and transient hotel.

Through Huntington, Russell, and Westfield, celebrated as the home of the Westfield Pure Food Company, then to West Springfield and Springfield, which is a transfer point for travelers North, South, East, and West.

Owing to its location, Springfield has a great many visitors, and to assist in furnishing the necessary accommodations, the modern Hotel Kimball, containing 350 rooms, was built a few years ago, so that with the Hotel Worthy, Cooley's Hotel and The Oaks, visitors can always be taken care of.

The Norcross-Cameron Company and the Stoddard Motor Car Company can take care of a large number of automobiles.

On the last part of our trip we follow the Connecticut River through Longmeadow, Thompsonville, Enfield, Warehouse Point, South Windsor, East Hartford, and across the beautiful stone bridge into Hartford.
